2.1.1.2 has one or more members employed by the employer to perform work in the relevant enterprise or workplace.

2.1.2 At each enterprise or workplace, consultative mechanisms and procedures will be established comprising representatives of the employer and employees. Each relevant Association is entitled to be represented.

2.1.4 The purpose of the consultative mechanisms and procedures is to facilitate the efficient operation of the enterprise or workplace according to its particular needs.

2.1.5 Where agreement is reached at an enterprise or workplace through such consultative mechanisms and procedures, and where giving effect to such agreement requires this award, as it applies at the enterprise or workplace, to be varied, an application to vary will be made to the Commission. CLAUSE 3.1 SETTLEMENT OF DISPUTES

OPDATE 24:03:2000 on and from

Any grievance, industrial dispute or matter likely to create a dispute should be dealt with in the following manner:-

- 3.1.2** Associations and the Employer should notify to each other in writing the names of their duly accredited representatives who would be responsible, in the first instance, for matters arising on the job. The job representative(s) of the Association thus accredited will be the only person(s) entitled to make representations on behalf of members of the Association employed by the Employer and the Employer representatives thus accredited will be responsible for dealing with matters raised by the Association job representatives.
- 3.1.3** The accredited representatives shall make themselves available for consultation as required under the procedures.
- 3.1.4** The accredited Association representative should discuss any matter affecting an employee with the supervisor in charge of the section or sections in which the grievance, dispute or likely dispute exists.
- 3.1.5** If the matter is not resolved at this level the Association representative should ask for it to be referred to the nominated departmental representative who will arrange a conference to discuss the matter.
- 3.1.6** The consultation process will be commenced within 24 hours of the grievance, dispute or likely dispute having been indicated, or within such longer or shorter period as may be agreed by the parties.
- 3.1.7** If the matter is not resolved at the conference the Association representative is to advise the appropriate official of the Association of the matter in issue and a conference on the matter will be arranged to be attended by the official or officials and the Association job representative concerned as the Association may decide, and by the designated departmental representative and such other representatives, which may include the Department of Human Services, as the Employer may decide.
- 3.1.8** If a matter cannot be resolved when the above referred to procedures have been availed of, the Employer and the Association may enter into consultation at a higher level on both sides, as the parties consider appropriate. At this level of consultation the Department of Human Services, will be involved.
- 3.1.9** At any stage in the procedures after consultation between the parties has taken place in accordance with the procedures, either party may request and be entitled to receive a response to its representations within a reasonable time as may be agreed upon between the parties.

- 3.1.12** If there is undue delay on the part of any party in responding to the matter creating a grievance, dispute or likely dispute the party complaining of the delay may take the matter to another level of the procedure if the party believes it is desirable to do.

*** Manager, Medical Scientist (MMS) - Nature of Position**

The nature of management positions suggests that they should be involved in the traditional functions of planning, controlling, organising and leading whereas non management positions which should form the bulk of the workforce are responsible for performing a clearly defined operational job.

The actual role of the position therefore needs to be closely examined. If the nature of the position is predominantly operational ie. the management aspects are not the prime focus of the position then it should not be classified in the management structure. While most management positions tend to have some “hands on” component, it is the nature of that component and the frequency that it occurs which will determine whether it is a management position.

The requirement to coordinate, supervise or manage a project would, not of itself qualify a position for the management structure.

As is the case in all classification matters the final decision requires the exercise of judgement. It is worth remembering however, that the management structures were not designed to provide employees with automatic salary increases.

The three management levels should be viewed as a senior management structure available only to employees who genuinely carry out a management role. Undoubtedly there will be positions within agencies that have some management responsibility below the levels described in the new structures. It does not mean that these positions should be classified in the management structure. As described in the work level definitions positions must be able to justify a classification at MS3, MS4 and MS5 before the management structure even becomes a consideration.

A position classified at these levels is to report to an executive level position or equivalent as assessed by the classification delegate. In determining what constitutes being equivalent to an executive level position, the following criteria is provided:

1. the salary of the supervisor of the position under review is equal to or greater than the salary for an EXA classification, and
2. the position is part of the senior executive team of the health unit, and
3. there are no more than two levels of management between the position and the Chief Executive Officer of the health unit.

MEDICAL SCIENTISTS (SOUTH AUSTRALIAN PUBLIC SECTOR) AWARD

Schedule 2. Scientific Excellence Criteria

OPDATE 24:03:2000 on and from

The concept of “scientific excellence” recognises that, within the field of work undertaken by Medical Scientists, there is scope for individuals to perform at a higher level than that demanded by responsibilities of their positions. Scientific Excellence is not payable for increased organisational management responsibilities nor for the routine services, research and teaching components inherent in a position, for such would constitute grounds for reclassification of both the position and the position increment.

Scientific excellence is defined as that level of performance which exceeds the acceptable level of scientific competence for the respective classification levels.

For the salary to be granted, it must be demonstrated that the level of scientific performance is significantly greater than the acceptable level of “scientific competence” for the position.

In determining the significance of “scientific excellence”, the following factors are to be considered:

- Qualifications;
- Refereed Scientific Papers;
- Committee membership(s);
- Institute membership(s);
- Consultancy / Advisory Status;
- Research grants received;
- Teaching (by invitation outside the organisation);
- Speaking invitations; and
- Any other relevant factors.

SAFETY NET ADJUSTMENTS

The rates of pay in this Award include the safety net adjustment payable under the *2018 State Wage Case and Minimum Standard for Remuneration*. This safety net adjustment may be offset against any equivalent amount in rates of pay received by employees whose wages and conditions of employment are regulated by this Award which are above the wage rates prescribed in the Award. Such above Award payments include wages payable pursuant to enterprise agreements, currently operating enterprise flexibility agreements, award variations to give effect to enterprise agreements and over award arrangements. Absorption which is contrary to the terms of an agreement is not required.

Increases made under the existing or previous State Wage Case principles, previous General Reviews of Award Wages and the *2018 State Wage Case and Minimum Standard for Remuneration* excepting those resulting from enterprise agreements or Award variations to give effect to enterprise agreements, are not to be used to offset safety net adjustments.

ECONOMIC INCAPACITY APPLICATIONS

Any employer or group of employers bound by an Award may apply to, temporarily or otherwise, reduce, postpone and/or phase-in the application of any increase in labour costs flowing from the *2018 State Wage Case and Minimum Standard for Remuneration* on the grounds of serious economic adversity. The merit of such application will be determined in the light of the particular circumstances of each case and the impact on employment at the enterprise level of the increase in labour costs is a significant factor to be taken into account in assessing the merit of any application. A party may make such an application under s 31A of the *South Australian Employment Tribunal Act 2014* (the SAET Act) in the form approved under rule 34 of the *South Australian Employment Tribunal Rules 2017*. It will then be a matter for the President to decide whether it should be dealt with by a Full Bench of SAET.

Any decision to temporarily postpone or reduce an increase will be subject to a further review, the date of which will be determined by SAET at the time it decides any application under this provision.

An individual employer making an application pursuant to this provision may make a request under s 55(2) of the SAET Act that the hearing of the matter be conducted in private and/or that some or all of the evidentiary material produced in the case not be available for inspection. Any such request will be determined by SAET in the circumstances of each case.

PART 1 - INTRODUCTION

- S5.1 This Schedule provides benefits to eligible workers with eligible injuries that would have been applicable under the WR&C Act if they cease to be entitled to similar benefits under the RTW Act.
- S5.2 A return to work within the meaning of the RTW Act is the main objective in managing all work injuries. The primary return to work objective will be employment in the worker’s home agency. New or other return to work options can only be explored when return to work options within the home agency have been fully explored (and the onus of proof to establish this lies with the employer) or if the worker requests the exploration of new or other employment options in writing (which request may be withdrawn). The Association will reasonably support and co-operate in the pursuit of this objective.
- S5.3 This schedule operates in addition to and not instead of any entitlements applicable under any other statute or law, except that:
- S5.3.1 any payment which would otherwise be payable under this schedule will not be payable if precisely the same payment has already been made under a compensation Act; and
- S5.3.2 if an eligible worker receives a payment for economic loss pursuant to Part 4, Division 6 of the RTW Act, clauses S5.60 through S5.63 apply.
- S5.4 Providing the criteria in clause S5.35 through clause S5.36 are met, if an entitlement has been claimed by an eligible worker under a compensation Act and that claim has been rejected, any equivalent or similar entitlement may be claimed, and if rejected disputed under this Schedule notwithstanding that proceedings relating to the rejected compensation Act claim are extant. In making such a claim or in any dispute about such a claim, the matter shall proceed on the basis that the relevant claim under a compensation Act shall remain rejected.
- S5.5 If the employer is considering making a decision about a worker's entitlements pursuant to this Schedule which may be adverse to the relevant worker, the employer must provide procedural fairness to the relevant worker before any final decision is made.
- S5.6 Claims for entitlements under this Schedule must be made in writing.

S5.28 **WR&C Act** means the *Workers Rehabilitation and Compensation Act 1986* (SA).

PART 3 - ELIGIBLE INJURIES

Only eligible workers can have eligible injuries

S5.29 An injury is not an eligible injury unless the injured worker is an eligible worker.

Temporal connection to employment

S5.30 An eligible injury arises out of or in the course of the eligible worker:

S5.30.1 attending work in accordance with their employment; or

S5.30.2 performing the work for which they are employed.

S5.31 To be an eligible injury the injury must have:

S5.31.1 resulted from conduct directed at the worker that is or appears to be a criminal offence; or

S5.31.2 occurred as a direct and immediate result of conduct that is or appears to be a criminal offence; or

S5.31.3 occurred in other circumstances where the worker is placed in a dangerous situation (however psychiatric injuries are only eligible injuries pursuant to S5.31.3 if they are caused as a consequence of a specific incident or incidents).

Incapacity required for eligibility

S5.32 An eligible injury temporarily or permanently incapacitates the injured worker for work (including because of a need to attend on a medical practitioner for treatment or examination).

When an injury ceases to be an eligible injury

S5.33 An eligible injury ceases to be an eligible injury when:

S5.33.1 the injured worker makes a return to work within the meaning of the RTWA which is sustainable and is earning a salary or wage that is the same or more than their Notional Weekly Earnings; and

S5.33.2 there is no reasonable basis to incur medical and / or related expenses (whether to treat symptoms or reduce the likelihood of symptoms recurring or for any other reason deemed appropriate by a medical practitioner).

When an injury resumes being an eligible injury

S5.34 If an eligible injury ceased to be an eligible injury pursuant to clause S5.33 but the criteria in clause S5.33 are no longer met, the injury resumes being an eligible injury.

Compensation Act status for an injury to be an eligible injury

S5.35 To be an eligible injury a claim for compensation relating to the injury must have been accepted under a compensation Act.

S5.36 If, in relation to a particular injury:

S5.36.1 no compensation has been paid under the RTW Act and no Recovery/Return to Work Plan has been established under the RTW Act;

- S5.36.2 that injury is only an eligible injury to the extent that the eligible worker would be entitled to receive benefits or entitlements under the WR&C Act (disregarding the operation of the RTW Act).

Consequential injuries taken to be part of original eligible injuries

- S5.37 Any injury arising out of or in the course of an eligible worker's attendance at a place to:
- S5.37.1 receive a medical service in relation to an eligible injury; and / or
 - S5.37.2 obtain a medical report or certificate (or to be examined for that purpose) in relation to an eligible injury; and / or
 - S5.37.3 receive services or assistance or perform activities intended to assist the eligible worker's recovery or return to work or restoration to the community in relation to an eligible injury; and / or
 - S5.37.4 to apply for, or receive, compensation in relation to an eligible injury;
 - S5.37.5 will be taken to constitute part of the original eligible injury, whether or not the eligible worker had additional reasons for attending at that place (for example, if an injury arose from performing activities at the eligible worker's home recommended by a doctor to assist in recovering from an eligible injury).

Injuries and incapacity attributable to surgery etc

- S5.38 Any injury or incapacity attributable to surgery or other treatment or service or advice performed or provided with due care and skill by a person professing to have particular skills and undertaken or provided in relation to an eligible injury will be taken to constitute part of the original eligible injury.

PART 4 - MEDICAL EXPENSE ENTITLEMENTS & LUMP SUMS

Medical and related expenses – entitlement

- S5.39 The employer must pay compensation for medical and/or related expenses incurred in consequence of an eligible injury, whenever any such expenses are incurred. To avoid doubt, an eligible worker's entitlement to medical and/or related expenses does not end only because income compensation payments to the eligible worker cease. However, if a redemption or commutation in respect of medical and/or related expense entitlements arising out of a particular injury or injuries has been paid pursuant to s42 of the WR&C Act or s54 of the RTW Act, no medical and/or related expenses are payable under this Schedule in relation to that injury or injuries.

Medical expense lump sums

- S5.40 Medical expense lump-sums (in addition to such compensation as is payable for medical and related expenses incurred before receiving a medical expense lump-sum payment) may be paid to eligible workers.

Medical and related expenses – effect of medical expense lump-sum

- S5.41 Once an eligible worker has received a medical expense lump-sum payment the employer is not obliged to pay compensation for medical and/or related expenses pursuant to this Schedule if:
- S5.41.1 medical and/or related expenses are incurred in consequence of a particular eligible injury after the day when the eligible worker receives a medical expense lump-sum payment; and
 - S5.41.2 a medical expense lump-sum payment received by the eligible worker is specifically in respect of that particular eligible injury.

Medical and related expenses – pre-approval

- S5.42 An eligible worker is entitled to a decision by the employer on a claim for compensation for a medical and / or related expense that the eligible worker wishes to incur but is yet to incur. For the avoidance of doubt, a decision to reject such a claim (in whole or in part) is a decision for the purposes of this Schedule.

PART 5 - INCOME COMPENSATION ENTITLEMENTS & LUMP SUMS

S5.43 The employer must pay weekly payments of income compensation in respect of incapacity for work (whether partial or total) arising out of an eligible injury in accordance with the following principles. However, if a redemption or commutation in respect of weekly payments arising out of a particular injury or injuries has been paid pursuant to s42 of the WR&C Act or s53 of the RTW Act, no income compensation is payable under this Schedule in relation to that injury or injuries.

Work capacity review

S5.44 An eligible worker's entitlement to income compensation in respect of a particular eligible injury does not arise without an entitling assessment pursuant to clause S5.49 (work capacity review) and ceases if there is a disentitling assessment pursuant to clause S5.51.

Income compensation – quantum

S5.45 Weekly payments must be paid at the rate of 80% of the eligible worker's Notional Weekly Earnings or, if the eligible worker has actual earnings, 80% of the difference between actual earnings and the eligible worker's Notional Weekly Earnings.

Income compensation – duration

S5.46 An eligible worker's entitlement to income compensation ceases when the eligible worker reaches retiring age.

S5.47 If an eligible worker breaches the obligation of mutuality, the eligible worker's entitlement to income compensation may be discontinued for such time as the eligible worker remains in breach of the obligation of mutuality. An eligible worker resigning (other than on medical advice to resign) after claiming income compensation under this Schedule breaches mutuality. Lawful termination of employment by the employer on the ground of serious and wilful misconduct and/or criminal conduct breaches mutuality.

S5.48 An eligible worker's entitlement to income compensation may be discontinued if there is a disentitling assessment on a work capacity review.

Work Capacity Reviews

S5.49 An eligible worker's entitlement to receive income compensation does not commence unless the eligible worker is assessed in relation to the cumulative effect of one or more eligible injuries (an *entitling assessment*) by the employer as:

S5.49.1 having no current work capacity; and

S5.49.2 likely to continue indefinitely to have no current work capacity; or

S5.49.3 being in employment but because of the injury or injuries is likely to continue indefinitely to be incapable of undertaking further or additional employment or work that would increase the eligible worker's current weekly earnings.

S5.50 The employer may make an entitling assessment on any basis.

S5.51 A *disentitling assessment* is an assessment that the eligible worker does not meet the criteria in clause S5.49. A disentitling assessment can only be made if:

S5.51.1 the employer has sought and obtained an opinion from an IMA (whose expertise is appropriate to the particular injury or injuries) about whether the eligible worker meets the criteria in clause S5.49; and

S5.51.2 if the eligible worker has earnings in employment or other work, the IMA considers that notwithstanding the eligible injury or injuries the eligible worker is, and is likely to continue indefinitely to be, capable of undertaking further or additional employment or work which would increase the eligible worker's earnings, and specifies what that additional employment or work is; and

- S5.51.3 the IMA provides a written opinion that the eligible worker does not meet the criteria in clause S5.49; and
- S5.51.4 if the eligible worker has earnings in employment or other work, the IMA specifies on reasonable grounds the additional employment or work the IMA considers that the eligible worker could do to increase their earnings.

Work capacity reviews and ceasing income compensation

- S5.52 An eligible worker receiving income compensation under this Schedule shall continue to receive income compensation under this Schedule until at least 13 weeks after the eligible worker receives written notification from the employer that the eligible worker is no longer entitled to receive income compensation under this Schedule because of a disentitling assessment.

Work capacity reviews and commencing or recommencing income compensation

- S5.53 If an eligible worker who is not receiving income compensation under this Schedule or a compensation Act claims income compensation the employer is not obliged to pay income compensation under this Schedule until an entitling assessment is made. In those circumstances, if an entitling assessment is made the eligible worker is entitled to arrears and interest for all periods when they are entitled to income compensation.

First work capacity review; timing

- S5.54 A work capacity review may be performed before or after an eligible worker has exhausted their entitlement to weekly payments under a compensation Act.
- S5.55 An eligible worker who, immediately before the end of the second designated period defined in s39 of the RTW Act, was in receipt of weekly payments under the RTW Act is entitled to receive income compensation pursuant to this Schedule at the same rate unless and until a work capacity review is conducted.
- S5.56 If clause S5.55 applies and the outcome of the work capacity review is:
- S5.56.1 an **entitling assessment**, the employer must conduct reviews in accordance with Part 9 of this Schedule and adjust the eligible worker's income compensation accordingly;
- S5.56.2 a **disentitling assessment**, clause S5.52 and Part 8 of this Schedule apply.

Reassessment

- S5.57 An eligible worker's work capacity may be reassessed consistent with clause S5.49 through clause S5.51 at any reasonable time and must be reassessed as often as is reasonably necessary.

Income compensation – effect of income compensation lump-sum

- S5.58 An income compensation lump-sum (in addition to such compensation as is payable for income compensation before receiving an income compensation lump-sum payment) may be paid to eligible workers.
- S5.59 Once an eligible worker has received an income compensation lump-sum payment the employer is not obliged to pay weekly payments pursuant to this Schedule if:
- S5.59.1 an entitlement to income compensation in consequence of a particular eligible injury arises after the day when the eligible worker receives an income compensation lump-sum payment; and
- S5.59.2 an income compensation lump-sum payment received by the eligible worker is specifically in respect of that particular eligible injury.

Income compensation – effect of lump-sum payment for economic loss

- S5.60 If this Award applies to a worker who claims compensation pursuant to Part 4, Division 6 of the RTW Act, before paying any such compensation the employer must:

- S5.60.1 give the worker written notice of:
- S5.60.1.1 the dollar amount of compensation the employer says the worker is entitled to; and
 - S5.60.1.2 clauses S5.60 through S5.63 of this Schedule; and
- S5.60.2 request written confirmation from the worker that, having regard to clauses S5.60 through S5.63 of this Schedule, they wish to be paid compensation pursuant to Part 4, Division 6 of the RTW Act and allow a reasonable time for the worker to respond in writing.
- S5.61 If an eligible worker has received a payment pursuant to Part 4, Division 6 of the RTW Act (*the payment*) 3 months or more after this Schedule is inserted into the Award the eligible worker is not entitled to income compensation pursuant to this Schedule in relation to the same injury or injuries that the payment related to.
- S5.62 If an eligible worker has received a payment pursuant to Part 4, Division 6 of the RTW Act (*the payment*) before 3 months after this Schedule is inserted into the Award, the eligible worker is not entitled to income compensation pursuant to this Schedule in relation to the same injury or injuries that the payment related to unless they agree in writing to repay the payment and comply with that agreement, with repayments to be made by periodic payments in accordance with clause S5.78.1 unless otherwise agreed in writing.
- S5.63 If an eligible worker has received income compensation pursuant to this Schedule and then receives a payment pursuant to Part 4, Division 6 of the RTW Act (*the payment*):
- S5.63.1 the eligible worker ceases to be entitled to income compensation pursuant to this Schedule in relation to the same injury or injuries that the payment related to; and
 - S5.63.2 the employer is entitled to deduct from the payment any income compensation previously paid to the eligible worker pursuant to this Schedule in relation to the same injury or injuries that the payment related to.

PART 6 - RECOVERY/RETURN TO WORK PLANS

Continuing operation of plans established under the RTW Act

- S5.64 If a recovery/return to work plan established under s25 of the RTW Act has not reached its completion date or action when entitlements under this Schedule arise, it continues to operate by virtue of this Schedule irrespective of whether the RTW Act authorises its continued operation until the date or action the plan is expressed to conclude on, unless the eligible worker and the employer agree that the plan should cease operation or be varied or if SAET determines that the plan should cease operation or be varied.

When plans are established - entitlement

- S5.65 If it is reasonable to do so, the employer may establish a written recovery/return to work plan in relation to an eligible worker who has an eligible injury. If an eligible worker's entitlements under this Schedule are not exhausted, the employer must establish a written recovery/return to work plan if the eligible worker requests such a plan in writing.

Content of plans

- S5.66 A recovery/return to work plan may provide for any assistance, service, payments or return to work arrangement that may reasonably assist the full restoration of the eligible worker to the workforce and/or the community, including by alleviating the impact of the disability so far as is possible. A recovery/return to work plan must assist the full restoration of the eligible worker to the workforce and/or the community, including by alleviating the impact of the disability, so far as is reasonably practicable, and must be in accordance with Attachment 1 to this Schedule.
- S5.67 Recovery/return to work plans under this Schedule may not impose unreasonable obligations on eligible workers.

- S5.68 An eligible worker whose entitlements under this Schedule are not exhausted is entitled to a reasonable recovery/return to work plan if the employer establishes a recovery/return to work plan or if the worker requests a recovery/return to work plan.
- S5.69 If:
- S5.69.1 an eligible worker who has been incapacitated for work in consequence of an eligible injury is able to return to work, whether on a full-time or part-time basis and whether or not to his or her previous employment;
 - S5.69.2 the employer must provide suitable employment for the eligible worker (the employment being employment for which the eligible worker is fit and, subject to that qualification employment which is, so far as reasonably practicable the same as, or equivalent to, the employment in which the eligible worker was working immediately before the incapacity) as part of a recovery/return to work plan;
 - S5.69.3 if the eligible worker requests it; but not if
 - S5.69.4 it is not reasonably practicable to provide such employment (and the onus of establishing that lies on the employer); or
 - S5.69.5 the eligible worker left the employment of the employer before the commencement of the incapacity for work; or
 - S5.69.6 the eligible worker terminated the employment after the commencement of the incapacity for work; or
 - S5.69.7 new or other employment options and any ancillary matters have been agreed and remain agreed between the eligible worker and employer and are contained in a current recovery/return to work plan; or
 - S5.69.8 the eligible worker has otherwise sustainably returned to work earning at or above the eligible worker's Notional Weekly Earnings.
- S5.70 Suitable employment to be provided by the employer includes employment in respect of which the number of hours each day or week that the worker performs work or the range of duties the worker performs is suitably increased in stages.
- S5.71 If an eligible worker performs alternative or modified duties pursuant to a recovery/return to work plan, the employer must pay an appropriate wage or salary in respect of those duties.

PART 7 - MUTUAL OBLIGATIONS

- S5.72 When an eligible worker is entitled to receive benefits pursuant to this Schedule the employer must reasonably:
- S5.72.1 manage the eligible worker's injury; and
 - S5.72.2 provide services and assistance to further the eligible worker's recovery and return to work and / or the community and to alleviate the impact of the disability so far as is possible; and
 - S5.72.3 at the worker's request, review any service/s or entitlements provided pursuant to this Schedule and/or investigate any matter, if it appears to the worker that the employer may not be complying with this Schedule and provide the worker with written advice about the outcome of any such review or investigation and any actions the employer will take arising out of any such review or investigation.
- S5.73 A worker receiving income compensation under this Schedule must not breach the obligation of mutuality defined by s48(3) and (4) of the RTW Act. If a worker breaches mutuality, mutuality may be restored in accordance with the principles applicable under the RTW Act. A breach of mutuality does not alter the worker's entitlement to compensation for medical and / or related expenses.

PART 8 - REDUCTION, DISCONTINUANCE & SUSPENSION OF INCOME COMPENSATION

- S5.74 If an eligible worker's entitlement to income compensation under this Schedule ceases or will cease or reduces or will reduce (including because the worker has ceased to be an eligible worker), payments of income compensation may only be discontinued or reduced in accordance with this Part.
- S5.75 Unless clause S5.52 applies (work capacity reviews – 13 weeks' notice), no cessation or reduction of payments of income compensation may occur until the worker has received at least 28 days written notice of any such cessation or reduction.
- S5.76 If a person (or the Association on the person's behalf) disputes a decision to reduce, discontinue or suspend their payments of income compensation (by either an application to SAET or the invocation of a dispute resolution procedure in this Award or an applicable enterprise agreement) within one month of the person receiving notice of a decision by the employer to reduce, discontinue or suspend income compensation under this Schedule:
- S5.76.1 the operation of the decision is suspended and—
- S5.76.1.1 the income compensation must continue or, if the decision has already taken effect, the income compensation must be reinstated (to its previous level), until the matter first comes before a member of SAET; and
- S5.76.1.2 the employer must make a payment to the person of any income compensation that has not been made between the date that the decision took effect and the date the income compensation is reinstated;
- S5.76.1.3 unless the person elects in writing not to receive payments under this clause; and
- S5.76.2 SAET may as it thinks fit and from time to time, and after having regard to the nature and circumstances of the case—
- S5.76.2.1 further suspend the operation of the decision (from time to time) until the dispute is resolved to avoid the person suffering financial hardship and extra weight must be given to the desirability of requiring the continuation of payments if SAET considers it is reasonably open to the person to dispute the relevant decision;
- S5.76.2.2 vary or revoke a decision under this clause, including to provide that weekly payments will only continue, or continue at a reduced rate, if the person complies with conditions determined by SAET;
- S5.76.2.3 make an order to pay an amount relating to all or any weekly payments that have not been made to the worker during the dispute.
- S5.77 If a dispute is ultimately resolved in favour of the employer and the person has been paid more than the person's lawful entitlements to income compensation pursuant to clause S5.76, the employer may, at the employer's discretion (but subject to this Schedule):
- S5.77.1 recover the excess (and any interest on the excess) from the worker as a debt; or
- S5.77.2 set off the amount recoverable under clause S5.77.1 against liabilities of the employer to pay the worker under this Schedule or a compensation Act.
- S5.78 If it is reasonable in the circumstances, the employer may set off or recover an amount under clause S5.77.1 as a single lump sum, or by periodic payments, or by a combination of a lump sum and periodic payments, or in some other manner agreed between the employer and the person in writing, however:

- S5.78.1 the employer cannot require a person to make periodic payments exceeding 10% of the person's net income ("net income" means income after an appropriate deduction is made for any income tax and child support payable by the person and any deductions made because of a garnishee order or similar order or requirement or any other deduction imposed by statute) without the person's written agreement;
- S5.78.2 the employer may, in its absolute discretion, waive (absolutely or subject to such conditions as the employer thinks fit) the whole or any part of an amount it is entitled to recover, and shall do so if:
- S5.78.2.1 the employer is satisfied that the person is experiencing severe financial hardship, or it appears appropriate to do so because of any other special circumstances specific to the person; or
- S5.78.2.2 the employer considers it appropriate considering the likely costs associated with recovering the amount and the amount itself;
- S5.78.3 unless the person has provided materially false or misleading information to the employer that caused the employer to make the relevant payment/s, the employer must grant these remissions if the total amount payable is repaid within the following periods:
- S5.78.3.1 a 15% remission if the total amount is repaid within 1 month of the person first receiving written notification of the amount they are liable to pay;
- S5.78.3.2 a 10% remission if the total amount is repaid within 6 months of the person first receiving written notification of the amount they are liable to pay.
- S5.79 If a person has made a payment (including by an amount being set off) to the employer under clause S5.78, the employer must, within two months of end the financial year in which the payment is made, furnish the person with a statement that sets out:
- S5.79.1 the total amount paid by the person during that financial year; and
- S5.79.2 the amount left to be paid (if any); and
- S5.79.3 must furnish a final statement within 2 months after the debt is extinguished.

Interaction between paid annual and/or long service leave and income compensation – suspension

- S5.80 If an eligible worker takes paid annual or long service leave, the employer may suspend the income compensation that would otherwise be payable to the eligible worker when the eligible worker is on that leave if the employer complies with the notice requirements of this clause.
- S5.81 If the employer proposes to suspend the income compensation that would otherwise be payable during such a period of leave, the employer must provide the eligible worker with written notice of that proposal (including details of when income compensation payments under this Schedule will resume) within 14 days of the eligible worker requesting the relevant paid leave.
- S5.82 The eligible worker may withdraw the request for paid leave at any time within 14 days of a written notice under clause S5.81.
- S5.83 The employer cannot compel an eligible worker to take leave when they are entitled to income compensation.

PART 9 – ADJUSTMENTS TO INCOME COMPENSATION

Economic adjustments to the level of income compensation

- S5.84 If an eligible worker is incapacitated for work or appears likely to be incapacitated for work for more than one year, the employer must, during each year of incapacity, review the income compensation for the purpose of making an adjustment to the amount of the income compensation under this Part.

Quantum of economic adjustments – industrial instruments

S5.85 Subject to clause S5.87, the Notional Weekly Earnings of an eligible worker who is entitled to income compensation shall be adjusted to reflect any increases in the rates of remuneration applicable to the classification held by the worker (or, where relevant, any successor classification) immediately prior to the particular injury occurring and prescribed by an award or enterprise agreement.

Notice requirements before economic adjustment decided

S5.86 At least 28 days before deciding the quantum of an economic adjustment pursuant to this clause, the employer must give the eligible worker written notice of the following.

S5.86.1 The increase in the rate of remuneration the employer says applies pursuant to clause S5.85 and how the proposed economic adjustment has been calculated by applying that increase to the eligible worker's pre-existing Notional Weekly Earnings.

S5.86.2 The increase in the rate of remuneration the employer says would be applicable if an economic adjustment was made in accordance with the Wage Price Index for total hourly rates of pay excluding bonuses for South Australia, and how an economic adjustment would be calculated by applying that increase to the eligible worker's pre-existing Notional Weekly Earnings, and the eligible worker's right to elect in writing to receive an economic adjustment on that basis rather than in accordance with clause S5.85.

S5.86.3 The eligible worker's right to make written representations to the employer on the review within a reasonable time specified in the notice.

Election for economic adjustment based on Wage Price Index not industrial instrument

S5.87 If an eligible worker elects in writing to have their Notional Weekly Earnings adjusted in accordance with the Wage Price Index for total hourly rates of pay excluding bonuses for South Australia, the employer must adjust the eligible worker's Notional Weekly Earnings accordingly.

Timing of economic increase based on industrial instrument

S5.88 An economic increase reflecting changes to remuneration in an award or enterprise agreement operates from the date of the employer's decision on the review, backdated to the date of the relevant changes in rates of remuneration.

Timing of economic increase based on Wage Price Index

S5.89 An economic increase in accordance with clause S5.87 operates from the end of the year of incapacity in which the review is made.

Adjustments due to change from original arrangements

S5.90 The employer may, on its own initiative and must at the written request of an eligible worker, review the calculation of the Average Weekly Earnings of the eligible worker (and therefore the Notional Weekly Earnings of the eligible worker) for the purpose of making an adjustment due to:

S5.90.1 a change in a component of the eligible worker's remuneration used to determine Average Weekly Earnings (including a component constituted by a non-cash benefit); or

S5.90.2 a change in the equipment or facilities provided or made available to the eligible worker (if relevant to Average Weekly Earnings).

S5.91 Before the employer begins a review under clause S5.90, the employer must give the eligible worker written notice informing the eligible worker of the proposed review and inviting the eligible worker to make written representations to the employer on the subject of the review within a reasonable time specified in the notice.

S5.92 If the employer finds on a review under clause S5.90 that there has been a change that warrants an adjustment contemplated by clause S5.90, the employer shall make the relevant adjustment.

- S5.93 An adjustment under clause S5.90:
- S5.93.1 will take effect as an adjustment to the eligible worker's Notional Weekly Earnings (and may therefore increase or reduce income compensation under this Schedule); and
 - S5.93.2 operates from an appropriate date determined by the employer (which may be an antecedent date but not a date that is before the date of the change on which the adjustment is based and not so as to result in a retrospective reduction in income compensation).
- S5.94 For the purposes of a review under clause S5.90, the employer may, by notice in writing to the eligible worker to whom the review relates, require the eligible worker to furnish any information that the employer reasonably determines to be relevant to the review.
- S5.95 If an eligible worker fails to comply with a requirement under clause S5.94 within the time allowed in the notice, the employer may suspend income compensation payments to the eligible worker.
- S5.96 On completing a review under clause S5.90, the employer must give the eligible worker written notice setting out the employer's decision on the review, and the eligible worker's rights to dispute the employer's decision.
- S5.97 Clauses 90 through 103 do not limit the rights of the employer under any other clause of this Schedule.

General Review of weekly payments

- S5.98 The employer may, on its own initiative and must if requested in writing by an eligible worker, review the amount of the weekly payments made to an eligible worker. The employer is not required to comply with a request for such a review if the request is made within 3 months of the completion of an earlier review.
- S5.99 Before the employer begins a clause S5.98 review under this clause, the employer must give the eligible worker written notice informing the eligible worker of the proposed review and inviting the eligible worker to make a written representation to the employer on the subject of the review within a reasonable time specified in the notice.
- S5.100 If the employer finds on a clause S5.98 review that the eligible worker's entitlement to income compensation has ceased, or has increased or decreased, the employer must adjust and may discontinue the income compensation to reflect that finding.
- S5.101 For the purposes of a clause S5.98 review, the employer may, by notice in writing to an eligible worker who is receiving weekly payments, require the eligible worker to submit to an examination by an IMA nominated by the employer or require the eligible worker to furnish evidence of the eligible worker's earnings (other than earnings paid by the employer).
- S5.102 If an eligible worker fails to comply with a requirement under clause S5.101 within the time allowed in the notice, the employer may suspend income compensation payments to the eligible worker.
- S5.103 On completing a clause S5.98 review, the employer must give the eligible worker written notice setting out the employer's decision on the review, and the eligible worker's rights to dispute the employer's decision, in accordance with clause S5.104.

PART 10 - DECISIONS ON CLAIMS

- S5.104 The employer must provide its written decision on a claim for entitlements under this Schedule (including a decision to cease or reduce or suspend income compensation and decisions to review income compensation and decisions on recovery/return to work plans) to the person who made the claim (including by their representative). The written decision must include the information required by s31(8)(b) of the RTW Act and regulation 20 of the RTW Regulations.
- S5.105 The employer must decide claims for entitlements under this Schedule (including claims for the provision of a recovery/return to work plan) as quickly as reasonably practicable and where the claim is for income compensation must, wherever practicable, endeavour to decide the claim within 10 business days from receipt of the claim.

- S5.106 A person (or the Association acting on their behalf) who believes there has been undue delay in deciding a claim or other matter affecting the person under this Schedule may apply to SAET for expedited determination of the matter.
- S5.107 An application for an expedited determination of a matter cannot be made until at least 10 business days after the matter was placed before the relevant decision maker.
- S5.108 On an application for expedited determination of a matter, SAET may (in addition to such other powers as SAET may have) give directions SAET considers necessary to expedite the determination of the matter or decide the matter itself.
- S5.109 If SAET decides a claim on an application for expedited decision, the decision is to be treated as a decision of the employer.

PART 11 - DISPUTE RESOLUTION

- S5.110 For the avoidance of doubt and without limiting such other legal rights as the employer, the Association and a person claiming an entitlement under this Schedule may have:
- S5.110.1 disputes over the employer's decisions on entitlements under this Schedule may be resolved pursuant to chapter two part one of the Fair Work Act 1994 and /or chapter two part two of the Fair Work Act 1994 (including concurrently) and any successor legislation to those provisions; and
- S5.110.2 proceedings and dispute resolution processes taking issue with the employer's decision/s on entitlements under this Schedule may be commenced by either the person claiming the entitlement or the Association.
- S5.111 Proceedings in the SAET about the employer's decision/s on entitlements under this Schedule should, so far as is reasonably practicable, be heard together with such other proceedings between the same parties in the SAET as may exist.

PART 12 - COSTS OF PROCEEDINGS

General Entitlement To Costs

- S5.112 A party (other than the employer) is entitled, subject to this Schedule, to an award against the employer for the party's reasonable costs of proceedings for resolution of the matter before SAET.
- S5.113 Costs may only be awarded to cover the cost of representation by a legal practitioner or an officer or employee of the Association and disbursements incurred by a party to proceedings before SAET up to a reasonable amount reasonably incurred, subject to the qualification that costs for medical services reimbursed as disbursements in the proceedings are limited to the scales of charges applicable at the relevant time that apply for the purposes of s33 of the RTW Act or, if a service is not covered by a scale of charges under that section, to an amount determined in accordance with the principles that apply under that section.
- S5.114 If SAET is of the opinion that a party:
- S5.114.1 has acted unreasonably:
- S5.114.1.1 in bringing proceedings before SAET; or
- S5.114.1.2 in view of an assessment or recommendation of a SAET member under s43(13) of the South Australian Employment Tribunal Act 2014; or
- S5.114.1.3 without limiting 114.1.2 — in failing to discontinue or settle any proceedings before the conclusion of the hearing of a matter; or
- S5.114.1.4 in relation to any other aspect of the conduct of proceedings before SAET; or

S5.114.2 has acted frivolously or vexatiously in bringing or in relation to the conduct of proceedings before SAET,

SAET may—

S5.114.3 decline to make an award of costs in favour of the party and may further (if it thinks fit) make an award of costs against the party; or

S5.114.4 reduce the amount of the award of costs to which the party would otherwise have been entitled.

S5.115 Subject to clause S5.116, an award of costs to cover professional advice or assistance may, if SAET considers appropriate, be made in favour of the person who provided the professional advice or assistance.

S5.116 An award of costs to cover the cost of representation by an officer or employee of the Association is payable to the Association.

S5.117 An award of legal costs cannot exceed 85% of the amount that would be allowable under the relevant Supreme Court scale if the proceedings were in the Supreme Court.

Costs liability of representatives

S5.118 If a professional representative acting for a party to proceedings before SAET under this Schedule (whether personally or through a worker or agent) has caused costs to be incurred improperly or without reasonable cause or to be wasted by undue delay or negligence or by any other misconduct or default, SAET may order:

S5.118.1 that all or any of the costs between the professional representative and his or her client be disallowed or that the professional representative repay to his or her client the whole or part of any money paid on account of costs;

S5.118.2 that the professional representative pay to his or her client all or any of the costs which his or her client has been ordered to pay to any party;

S5.118.3 that the professional representative pay all or any of the costs of any party other than his or her client.

S5.119 Without limiting clause S5.118, a professional representative is in default for the purposes of that clause if any proceedings cannot conveniently be heard or proceed, or fail or are adjourned without any useful progress being made, because the professional representative failed to:

S5.119.1 attend in person or by a proper representative; or

S5.119.2 file any document which ought to have been filed; or

S5.119.3 lodge or deliver any document for the use of SAET which ought to have been lodged or delivered; or

S5.119.4 be prepared with any proper evidence or account; or

S5.119.5 otherwise proceed.

S5.120 SAET may not make an order against a professional representative under clause S5.118 unless SAET has informed the professional representative of the nature of the order proposed and allowed the professional representative a reasonable opportunity to make representations, and call evidence, in relation to the matter.

S5.121 SAET may order that notice of any proceedings or order against a professional representative under clause S5.118 be given to the client in such manner as SAET directs.

S5.122 SAET's power to make an order under clause S5.118 is exercisable by a presidential member of SAET or another member of SAET who is authorised by a presidential member of SAET to make the particular order.

PART 13 – MISCELLANEOUS**Interest on Delayed Income Compensation**

S5.123 If:

- S5.123.1 income compensation, or part of income compensation, is not paid as and when required to be paid under this Schedule; or
- S5.123.2 the payment of income compensation is delayed pending resolution of a dispute over the employer's decision/s on an entitlement to income compensation under this Schedule; then
- S5.123.3 interest will be paid on any arrears, however, no interest is payable under this clause if the delay is attributable to some fault on the part of the eligible worker.

Interim payments

- S5.124 A person may, pending the final determination of a claim, apply to the employer for interim payments of income compensation under this Schedule.
- S5.125 The employer must offer to make interim payments if it fails to determine the relevant claim within 10 business days after the date of receipt of the claim unless the failure to determine the claim is:
- S5.125.1 due to the unreasonable failure or refusal of the person making the claim to attend a medical examination arranged by the employer; or
 - S5.125.2 because the employer has arranged an examination for the purposes of a work capacity review and that examination is yet to occur.
- S5.126 If on the final determination of a claim (if the employer rejects the claim, the claim is finally determined when any relevant proceedings have been completely finalised) an amount the worker was not entitled to has been paid under this clause, the employer may recover that amount as a debt in a Court of competent jurisdiction.

Income Compensation & Leave Entitlements

- S5.127 Section 50 of the RTW Act is incorporated into this Schedule. To the extent that s50 of the RTW Act is inconsistent with clauses 80 through 83, those clauses prevail.
- S5.128 The references to "weekly payments" in s50 of the RTW Act as incorporated into this Schedule are to be read as references to income compensation pursuant to this Schedule.

Injuries that develop gradually

- S5.129 The date when an injury that develops gradually or is a disease will be taken to have occurred will be determined in accordance with RTW Act s188.

Costs associated with lump-sum payment agreements

- S5.130 If the employer offers an eligible worker a lump sum payment agreement, and the eligible worker incurs costs in having one or more of annexures A, B or C to such an agreement completed by a professional adviser, a financial adviser or a recognised health practitioner, the employer must reimburse the eligible worker for any such costs subject to any limits applicable at the time the relevant advice is obtained pursuant to ss53 and 54 of the RTW Act.

Review & anomalies

S5.131 The Association and the employer shall:

- S5.131.1 jointly review the operation of this Schedule with that review to commence 2 years after the order incorporating this Schedule in this Award is made and to conclude within 2 months of commencement; and
- S5.131.2 use their best endeavours to resolve perceived anomalies or perceived unfair situations arising out of the operation of this Schedule or the alteration to the rights of workers arising out of the change from the WR&C Act to the RTW Act.

Important Notice to Eligible workers

- A failure to comply with an obligation under a recovery/return to work plan may lead to the discontinuance of income compensation.
- Recovery/return to work plans may be disputed but that does not suspend obligations imposed by the plan pending a determination of the dispute.
- A refusal or failure to undertake work that has been offered and that the eligible worker is capable of performing, or to take reasonable steps to find or obtain suitable employment, may lead to the discontinuance of income compensation. This may also occur if an eligible worker obtains suitable employment and then unreasonably discontinues the employment.
