(iii) The leave under this clause H3(n) is to be known as **special adoption leave** and does not affect any entitlement under H3(c).

(iv) **Special adoption leave** may be taken concurrently by an employee and the employee's **spouse**.

(v) Where paid leave is available to the employee, the employer may require the employee to take such leave instead of **special adoption leave**.

(o) Transfer to a Safe Job - Maternity Leave

(i) If, in the opinion of a legally qualified medical practitioner:

- (1) illness or risks arising out of the pregnancy; or
- (2) hazards connected with the work assigned to the employee,

make it inadvisable for the employee to continue her present work, the employee must, if the employer considers that it is practicable to do so, be transferred to a safe job at the rate and on the conditions attaching to that job until the commencement of maternity leave.

(ii) If the transfer to a safe job is not considered practicable, the employee is entitled, or the employer may require the employee, to take leave for such period as is certified necessary by a legally qualified medical practitioner.

(iii) Leave under this clause H3(o) will be treated as **maternity leave**.

(p) Part-Time Work

An employee who is pregnant or is entitled to **parental leave** may, by agreement with the employer, reduce the employee's hours of employment to an agreed extent subject to the following conditions:

(i) Where the employee is pregnant, and to do so is necessary or desirable because of the pregnancy; or

(ii) Where the employee is entitled to **parental leave**, by reducing the employee's entitlement to **parental leave** for the period of such agreement.

(q) Communication During Parental Leave

(1) Where an employee is on **parental leave** and a definite decision has been made to introduce significant change at the workplace, the employer shall take reasonable steps to:

(1) make information available in relation to any significant effect the change will have on the status or responsibility level of the position the employee held before commencing **parental leave**; and

(2) provide an opportunity for the employee to discuss any significant effect the change will have on the status or responsibility level of the position the employee held before commencing **parental leave**.

(ii) The employee shall take reasonable steps to inform the employer about any significant matter that will affect the employee's decision regarding the duration of **parental leave** to be taken, whether the employee intends to return to work and whether the employee intends to request to return to work on a part-time basis.

(iii) The employee shall also notify the employer of changes of address or other contact details which might affect the employer's capacity to comply with H3(q)(i).

Where such a position is no longer available, but there are other positions available that the employee is qualified for and is capable of performing, the employer shall make all reasonable attempts to return the employee to a position comparable in status and pay to that of the employee's former position.

(r) Return to Work after Parental Leave

(i) An employee must confirm the employee's intention to return to work, by notice in writing, to the employer given at least four weeks before the end of the period of **parental leave**.

(ii) On returning to work after parental leave an employee is entitled:

(1) to the position which the employee held immediately before commencing *parental leave*; or

(2) in the case of an employee who was transferred to a safe job, to the position which she held immediately before the transfer.

(iii) If the employee's previous position no longer exists but there are other positions available which the employee is qualified for and is capable of performing, the employee is entitled to a position as nearly as comparable in status and pay to that of the employee's former position.

(s) Right to Request

(i) An employee entitled to *parental leave* pursuant to clause H3(c), may request the employer to allow the employee:

(1) to extend the period of simultaneous unpaid leave provided for in clause H3(d)(i) and H3(e)(i) up to a maximum of eight weeks;

(2) to extend the period of unpaid *parental leave* provided for in H3(c)(ii) by a further continuous period of leave not exceeding 12 months;

(3) to return to work from a period of *parental leave* on a part-time basis until the *child* reaches school age, to assist the employee in reconciling work and parental responsibilities.

(ii) The employer shall consider the request having regard to the employee's circumstances and, provided the request is genuinely based on the employee's parental responsibilities, may only refuse the request on reasonable grounds related to the effect on the workplace or the employer's business. Such grounds might include cost, lack of adequate replacement staff, loss of efficiency and the impact on customer service.

(iii) The employee's request and the employer's decision made under H3(s)(i)(2) and (3) must be recorded in writing.

(iv) Where an employee wishes to make a request under H3(s)(iii), such a request must be made as soon as possible but no less than seven weeks prior to the date upon which the employee is due to return to work from *parental leave*.

(t) Termination of Employment

(i) An employee on *parental leave* may terminate their employment at any time during the period of leave by giving the required notice.

(ii) An employer must not terminate the employment of an employee on the ground of her pregnancy or an employee's absence on *parental leave*.

Otherwise the rights of an employer in relation to termination of employment are not affected by this clause.

SAFETY NET ADJUSTMENTS

The rates of pay in this Award include the safety net adjustment payable under the *2021 State Wage Case* and Minimum Standard for Remuneration. This safety net adjustment may be offset against any equivalent amount in rates of pay received by employees whose wages and conditions of employment are regulated by this Award which are above the wage rates prescribed in the Award. Such above Award payments include wages payable pursuant to enterprise agreements, currently operating enterprise flexibility agreements, award variations to give effect to enterprise agreements and over award arrangements. Absorption which is contrary to the terms of an agreement is not required.

Increases made under the existing or previous State Wage Case principles, previous General Reviews of Award Wages and the *2021 State Wage Case* and Minimum Standard for Remuneration excepting those resulting from enterprise agreements or Award variations to give effect to enterprise agreements, are not to be used to offset safety net adjustments.

ECONOMIC INCAPACITY APPLICATIONS

Any employer or group of employers bound by an Award may apply to, temporarily or otherwise, reduce, postpone and/or phase-in the application of any increase in labour costs flowing from the *2021 State Wage Case* and Minimum Standard for Remuneration on the grounds of serious economic adversity. The merit of such application will be determined in the light of the particular circumstances of each case and the impact on employment at the enterprise level of the increase in labour costs is a significant factor to be taken into account in assessing the merit of any application. A party may make such an application under s 31A of the *South Australian Employment Tribunal Act 2014* (the SAET Act) in the form approved under rule 34 of the *South Australian Employment Tribunal Rules 2022*. It will then be a matter for the President to decide whether it should be dealt with by a Full Bench of SAET.

Any decision to temporarily postpone or reduce an increase will be subject to a further review, the date of which will be determined by SAET at the time it decides any application under this provision.

An individual employer making an application pursuant to this provision may make a request under s 55(2) of the SAET Act that the hearing of the matter be conducted in private and/or that some or all of the evidentiary material produced in the case not be available for inspection. Any such request will be determined by SAET in the circumstances of each case.

SOUTH AUSTRALIAN GOVERNMENT BUILDING TRADES AWARD

Schedule 2. Points for Guidance

#OPDATE 05:05:94 1st pp on or after

In relation to Carpenters and Joiners, the "Points for Guidance" set out in the decision by Commissioner Webb in respect of the definitions of construction work, maintenance work, joinery work, shop work and the provision for mixed functions when making the 1962 award should continue to apply.

These points are as follows:-

"As it is realised that the term "small repairs" may not be a precise definition, an indication of the Commission's views in this regard should form the guide for future interpretation by the parties to the award, but before doing so the Commission made it clear that it cannot accept the proposition of the Union that a maintenance carpenter should become a construction carpenter immediately he leaves the workshop."

The following are for guidance:-

- (a) Generally maintenance work will be performed indoors with some minor exceptions.
- (b) Maintenance work may consist of small repairs to a number of buildings in a mixed enterprise.
- (c) Such work may consist of replacing a weatherboard on the outside of a building or some such similar work, providing that the duration of any work performed in the open does not exceed 4 hours.
- (d) Maintenance work carried on by State Government Departments in SA should be similarly confined to small repair work on buildings or internal fittings and minor construction work provided that the duration of any work performed in the open external to a building does not exceed 4 hours.
- (e) Where any of the above work performed in the open exceeds 4 hours, the work shall be regarded as construction work and in such a case the mixed functions clause shall operate.

On the other hand, the corollary of what has been said in respect of the limitations of maintenance work defines construction work in this context as -

- (a) Large structural alterations to building whether external or internal.
- (b) Erection of internal partitions in a building except those of a minor nature.
- (c) Completely setting up a retail shop, such as counters, etc. and internal fittings.
- (d) All carpentry work performed in the open external to a building, in excess of 4 hours in any one day. In such cases the mixed functions clause shall operate.

Shortly summarised the division between maintenance work and construction work could be generally described as repairing old work and constructing new work within the limitations mentioned in the points for guidance.

Shop Work or Joinery Work

It would also appear necessary to define shop work and joinery work for the purpose of indicating when a carpenter or joiner performing this type of work shall be entitled to the construction industry allowance.

These allowances shall be paid where a carpenter or joiner erects on site joinery or any fixing made in a workshop the duration of which exceeds 2 hours on any one day. In such cases the mixed functions clause shall operate."

SOUTH AUSTRALIAN GOVERNMENT BUILDING TRADES AWARD

Schedule 3. Translation Arrangements

OPDATE 01:10:2019 on and from

1. Agencies and Health Services will examine each position against the classification level criteria for each position. This will be completed within 3 months of the ratification of this award.

2. Employees will be translated into the new integrated structure at the relevant work level on a wage rate equal to their existing rate including service and over-award payments, or if no such rate exists than at the next highest rate available in that level.

3. As part of the translation process the maximum increase that will be payable to any employee will be the weekly equivalent of \$750 per annum rounded to the nearest 10 cents i.e. \$14.40 per week. Therefore, if translation to the appropriate incremental level in the new wages structure gives an employee an increase in wages greater than \$14.40 per week, adjustment of the employee's new wage rate will be made on the basis of a \$14.40 per week increase on the date of translation, with, as appropriate, further increases of no more than \$14.40 per week at three monthly intervals thereafter until the employee reaches the appropriate incremental wage.

Thereafter, the employee will progress up the incremental scale appropriate to the employee's work level in accordance with normal incremental progression procedures.

4. Service with the Government will no longer be a criterium in determining a person's rate of pay for a particular work level. Rather, once a translation has occurred the period of time spent in the new work level will establish an employee's entitlement tot wage in that level. However, an employee will retain his/her current rate of pay and incremental progression date when transferring to a different job at the same level as the employee's substantive job.

5. An employee who translates to a work level the maximum wage of which is less than the employee's present substantive rate of pay including service and over-award payment shall be "pegged" (that is receive no further increases) until the rate of pay of the new work level exceed the employee's substantive rate.

Wage rates will be adjusted by economic increases of general application emanating from National Wage Case decisions, but not for any other reason. In this regard, future adjustments will therefore occur in the following manner:-

(i) Where rates of pay are increased as a result of a National Wage Case decision and the increase relates to an economic increase of general application, then "pegged" rates of pay will be increased accordingly.

(ii) Where rates of pay are increased as a result of a National Wage Case decision and that increase is subject to a prescribed non economic outcome e.g. productivity assessment, structural change, etc., then "pegged" rates of pay will not be increased.

SOUTH AUSTRALIAN GOVERNMENT BUILDING TRADES AWARD

Schedule 4. Supported Wage Provisions

OPDATE 01:07:2021 1st pp on or after

(a) Definitions

This clause defines the conditions which will apply to employees who because of the effects of a disability are eligible for a supported wage under the terms of this award. In the context of this clause, the following definitions will apply:

(i) "Supported Wage System" means the Commonwealth Government System to promote employment for people who cannot work at full award wages because of a disability, as documented in "[Supported Wage System: Guidelines and Assessment Process]"

(The clause does not apply to any existing employee who has a claim against the employer which is subject to the provisions of workers' compensation legislation or any provision of this award relating to the rehabilitation of employees who are injured in the course of their current employment).

The award does not apply to employers in respect of their facility, programme, undertaking service or the like which receives funding under the Disability Services Act 1986 and fulfils the dual role of service provider and sheltered employer to people with disabilities who are in receipt of or are eligible for a disability support Pension, except with respect of an organisation which has received recognition under s.10 or under s.12A of the Disabilities Services Act, or if a part only has received recognition that part.

(c) Supported Wage Rates

Employees to whom this clause applies shall be paid the applicable percentage of the minimum rate of pay prescribed by this award/agreement for the class of work which the person is performing according the following schedule:

Assessed Capacity (subclause (d))	% of prescribed award rate
10% *	10%
20%	20%
30%	30%
40%	40%
50%	50%
60%	60%
70%	70%
80%	80%
90%	90%

(Provided that the minimum amount payable shall be not less than \$93.40 per week).

* Where a person's assessed capacity is 10% they shall receive a high degree of assistance and support.

(d) Assessment of Capacity

For the purpose of establishing the percentage of the award rate to be paid to an employee under this award, the productive capacity of the employee will be assessed in accordance with the Supported Wage System and documented in an assessment instrument by either:

- (i) the employer and a union party to the award in consultation with the employee or, if desired by any of these;
- (ii) the employer and an accredited Assessor (as defined) acceptable to the employee and the employee's advisers and to the employer.

(e) Lodgement of Assessment Instrument

- (i) All assessment instruments under the conditions of this clause, including the appropriate percentage of the award wage to be paid to the employee, shall be lodged by the employer with the Registrar of the South Australian Employment Tribunal.
- (ii) All assessment instruments shall be agreed and signed by the parties to the assessment, provided that where a union which is party to the award, is not a party to the assessment, it shall be referred by the Registrar to the union by certified mail and shall take effect unless an objection is notified to the Registrar within 10 working days.

(f) Review of Assessment

The assessment of the applicable percentage should be subject to annual review or earlier on the basis of a reasonable request for such a review. The process of review shall be in accordance with the procedures for assessing capacity under the Supported Wage System.

(g) Other Terms and Conditions of Employment

Where an assessment has been made, the applicable percentage shall apply to the wage rate only. Employees covered by the provisions of the clause will be entitled to the same terms and conditions of employment as all other workers covered by this award/paid on a pro rata basis.

(h) Workplace Adjustment

An employer wishing to employ a person under the provisions of this clause shall take reasonable steps to make changes in the workplace to enhance the employee's capacity to do the job. Changes may involve re-design of job duties, working time arrangements and work organisation in consultation with other workers in the area.

(i) Trial Period

- (i) In order for an adequate assessment of the employee's capacity to be made, an employer may employ a person under the provisions of this clause for a trial period not exceeding 12 weeks, except that in some cases additional work adjustment time (not exceeding 4 weeks) may be needed.
- (ii) During that trial period the assessment of capacity and the proposed wage rate for a continuing employment shall be undertaken.
- (iii) The minimum amount payable to the employee during the trial period shall be no less than \$93.40 per week.

[or in paid rates awards]

The amount payable to the employee during the trial period shall be \$93.40 per week or such greater amount as is agreed from time to time between the parties (taking into account the Department of Social Security income test free area for earnings) and inserted into this Award.

- (iv) Work trials should include induction or training as appropriate to the job being trialed.
- (v) Where the employer and employee wish to establish a continuing employment relationship following the completion of the trial period, a further contract of employment shall be entered into based on the outcome of assessment under subclause (d) hereof.
