It has an obligation to manage the delivery of its services by the most effective and efficient means to ensure that it is both financially sustainable and effective in meeting the needs of the community. The shared aims of the parties are to collaboratively and constructively work together in achieving those benefits for the community by continually improving existing workplace methods, practices, quality, productivity and striving for best practice and innovation. Continuous Improvement will result in increased value for money and a more efficient and effective service delivery.

The parties agree that where continuous improvement opportunities are identified they shall work together to improve such performance to achieve identified benchmarks. These opportunities will include investment in appropriate skill development, systems and equipment (subject to appropriate justification and approval by the Chief Executive Officer).

- 9.2. Where it is difficult to accurately predict the workforce requirements or where there are fluctuations in work requirements, Council may employ additional labour on either a casual or contract basis. Council shall endeavour to minimise the use of casuals wherever possible. However, the parties recognise that Council employed casuals and contract labour may play an important part in maintaining the security of Council's appointed workforce.
- 9.3. The parties agree that casuals may be used for the backfilling of any temporary vacancy or for temporary work caused by seasonal factors.

Notwithstanding any other clause of this agreement, the parties agree that any casual employee engaged to perform work for Council on a regular and systematic basis that is continuous for a period exceeding 12 months, shall have the right to have his/her employment converted to full-time or part-time employment with the Council.

This is on the understanding that none of the casual work undertaken to cover the 12 month qualifying period has been to fill an existing vacancy caused through the temporary absence of an employee for the following purposes:

- Parental Leave
- Income Protection Leave
- Workers Compensation
- Annual Leave, Sick Leave or Long Service Leave

### **Contract Employees**

- 9.6. In addition to Clause 8.7, where additional funding is available, Council may offer fixed term contracts which will contain the following provisions:

## **10. HOURS OF WORK**

- 10.1. Both parties recognise the need for more flexible hours of work and agree that in the operation of these flexible working hours, the most important factor will be to ensure that the requirements of effective customer service are maintained. The obligations of employees to ensure customer service are paramount.

- 10.2. The parties agree that working hours should reflect Council's desire to provide increased accessibility, responsiveness and flexibility in the delivery of services. Working hours for employees will therefore need to be structured on a more flexible basis in accordance with the following guidelines:-

- 10.3. Span of Ordinary Hours

- Except as provided for in Clause 12, the ordinary hours of work will be 76 hours per fortnight worked Monday to Friday.

- When a rostered day off (RDO) falls on a Public Holiday, the RDO will be taken on the next available work day.
- When a Public Holiday falls on a work day prior to a RDO, the "short day", i.e. 3.45 pm finish, will transfer to the work day preceding the Public Holiday and the employee will be paid the full payment for the public holiday.

#### 10.4. Accrual and Utilisation of Plus-Time

- a) Subject to the provisions of 10.5 (b), normal hours may be changed by mutual agreement between the General Manager City Infrastructure and individual work groups and, where appropriate, individual workers, to allow for normal time to be increased up to 10 hours per day. This will be on the understanding that this arrangement is of no disadvantage to Council or customers.
- b) All hours worked in excess of 76 hours each fortnight and up to 90 hours per fortnight, that fall within the span of hours (6.00 am to 6.00 pm, Monday to Friday), will be credited to employees on an hour for hour basis and deducted from future working requirements. Such accumulated "plus-time" can be accrued up to 51.00 hours (six (6) days @ 8.50 hrs) and is to be taken on a basis to be mutually agreed to in advance between the worker and the General Manager City Infrastructure (or delegated authority) with the exceptions of plus-time hours taken under direction as provided for in Clause 10.5(b) – Inclement Weather.
- c) The employee has the option to be paid penalty rates or accrue plus time, at the penalty rate, for reactive work as per Clause 11.2.

New employees will be expected to do so within 12 weeks of commencement. Staff considered as essential workers will be exempt from the requirement to accumulate and bank hours.
- b) To minimise the adverse impact of anticipated hot weather, the General Manager City Infrastructure may require specified groups of employees to alter their normal working hours by commencing early on days where inclement weather is likely to affect employee Occupational Health, Safety and Welfare and/or operational outcomes.
- c) Where practicable during inclement weather, the General Manager City Infrastructure will attempt to provide alternative work for employees which may include training.

When in the opinion of the General Manager City Infrastructure the inclement weather is such as to make a practical return to work unlikely, the employees in a workgroup may:

- i. by mutual agreement finish work for that day provided that where any such decision to finish work occurs prior to 12.00noon
- ii. be directed to finish work provided that where any such decision to finish occurs after 12.00noon

Employees who work in an air conditioned environment or employees who are required to maintain work deemed "essential", will not be covered by the provisions of this sub clause.

- d) If clause 10.5(c) is implemented, staff sent home due to the weather conditions will fund 50% of time lost from their accumulated plus-time and 50% will be funded by Council.

- e) Flexible work arrangements should not interfere with the smooth flow of work within Work Teams, Divisions, and Departments. These arrangements will not result in an unreasonable increase in the workload of other Employees.
- f) An employee shall not be disadvantaged with respect to the full range of conditions and opportunities, including professional development and career advancement, as a result of participating in a flexible work arrangement.

- 11.1. All authorised work that meets the requirements of this clause will be paid at overtime rates ("**Penalty Rates**") as per the Award.

22.1. A suitable structure to accommodate and develop trainees and apprentices can make a significant contribution to ensuring that future business needs of the Department are met.

22.2. The parties recognise that the engagement and development of trainees and apprentices will complement succession planning needs by ensuring a supply of the key skills necessary to maintain a viable and vibrant City Infrastructure Department.

22.3. The parties are therefore committed to ensuring that a suitable complement of trainees and apprentices are engaged to meet future workforce needs. This is on the understanding that trainees and apprentices will be supplementary to the number of ongoing staff indicated elsewhere in this agreement.

22.4. Discussions held at the Works Committee will identify the most suitable location for additional trainees or apprentices and a mechanism for funding these positions from within the City Infrastructure LGE staffing budget.

## **23. ONGOING VACANT POSITIONS FILLED WITHIN 26 WEEKS**

The parties agree that it is desirable to refill ongoing vacant positions as soon as possible.

Where there are operational reasons to suspend refilling an ongoing vacant position, the matter shall be referred to the Works Committee with a view to reaching an understanding on the reasons for any delay in refilling the position.

Failing this, it is the expectation of the parties that any vacant position will be refilled on an ongoing basis within a period of 26 weeks.

This clause does not apply where a vacancy is due to the temporary absence of an employee or where the General Manager has advised that a position will no longer continue.

## **24. HEALTH SAFETY AND WELLBEING**

The employer and the employees recognise their legislated and mutual responsibility to ensure, so far as reasonably practical, that all employees have a workplace in which their health, safety and wellbeing is safeguarded from injury and harm.

The employer is committed to ensuring appropriate health, safety and wellbeing practices are in place in accordance with relevant Occupational Health Safety Wellbeing and Injury Management legislation as amended or replaced.

Senior Management and the Work Health and Safety Committees will conduct regular reviews of hazards, incident and injury records to identify any issues relating to health, safety and wellbeing that require attention.

Employees understand requirements to conform to adopted policies and procedures in order to meet the duty of care obligation of not placing themselves or others at risk of injury.

## **25. RANDOM DRUG AND ALCOHOL TESTING**

The parties are committed to the adoption of procedures that ensure any employee whose performance may be impaired as a result of drug or alcohol use does not endanger their own safety or the safety of any other person in the workplace.

There is an agreed understanding that the following principles will guide the adoption of policy statements and procedure to achieve this objective:

- A climate of risk is necessary to reduce the effects of alcohol or other drug use in the workplace.
- Random drug testing is the best means by which a climate of risk can most effectively be created. All random testing procedures will be in accordance with the appropriate Australian Standard for workplace drug and alcohol testing.
- Employees who may have a drug or alcohol problem will be encouraged to disclose this to management on a confidential basis to ensure a supportive program of rehabilitation can be arranged.
- Management will ensure that ongoing support is provided to any employee who has a positive test. This will include ensuring that they are required to attend an independent external assessment and based on this assessment, have ongoing counselling or referral to a treatment program if this is required.
- An acceptance that supplementary early interventions strategies such as cause testing and critical incident testing may be necessary where there is reason to believe that drug use or excessive use of alcohol could be impairing the ability of an employee to work safely.
- Whenever a positive test occurs, management will write to the employee outlining the importance of maintaining an alcohol / drug free work environment and requesting the employee to attend professional counselling including an assessment of whether further support is required in respect of a rehabilitation program to overcome any alcohol / drug related problem.

## **26. LEAVE PROVISIONS**

### **26.1. Personal Leave**

An employee (other than casual) is entitled to ten days per annum of paid personal leave. The personal leave entitlement shall accrue at a rate of 1.46 hours for each complete week of service (38 hours) or pro rata for those working part-time.

26.1.1. The accrual of personal leave may be taken as:

- a) Sick Leave, for an injury or illness that prevents the employee from attending their normal course of work.

- b) Sick Leave may also be utilised to attend appointments associated with the personal wellbeing and health of the employee or a member of their immediate family, or for an unforeseen emergency that prevents the employee from attending their normal course of work.
- c) However, it is expected that short term appointments of less than 3 hours duration will be taken through the use of plus time, subject to operational requirements and the approval of the Manager.
- d) For employees who are not on plus time or without sufficient accrued plus time to cover the appointment, personal leave can be taken.
- e) Carers leave, up to 10 days per annum, as specified in the award, to care for an immediate family member. Additional paid or unpaid carers leave may be requested and approved at the discretion of the manager.
- f) As a combination of the above, with no more than 10 days carers leave per annum.

26.1.2. Managers will have discretion to request employees to produce certification evidence, obtained in their own time, either a medical certificate or Statutory declaration, in accordance with provisions set out in the Award, where the number of personal leave/sick leave days taken:

- a) In a rolling year (any 12 months period) exceeds five and concerns exist about the legitimacy of leave taken, or
- b) is more than 2 consecutive days in a row, or
- c) Either side of a weekend, Roster Day Off or Public Holiday

Where an employee experiences a circumstance for which they would normally be eligible for the above leave, whilst on annual leave, and can provide certification of such, the Employee shall be entitled to claim from their Sick Leave provisions, as specified in the relevant Award.

26.1.3. In circumstances where an Employee has exhausted his/her paid carer's leave entitlement he/she is entitled to up to two (2) days unpaid carer's leave for each occasion on which he/she may have otherwise claimed paid carers leave. A casual Employee may also access up to two (2) days unpaid carer's leave, subject to meeting the notice and evidence conditions above.

26.1.4. Unused personal leave will accrue from year to year and cannot be used for any purpose other than the instances defined in this clause.

26.1.5. Employees on an agreed contract, employment plan or performance management plan, are not subject to any conditions in clause 26.1, which contradict the existing agreed plan or contract for the individual.

## **26.2. Purchased Leave**

26.2.1. Employees covered by this agreement will be eligible to apply for a maximum of two weeks of additional unpaid leave per year funded by fixed salary deductions, spread evenly over the whole financial year. This allows employees to continue to receive pay during the period(s) of purchased leave.

26.2.2. Generally this leave should be for family commitments, study or travel purposes. Each application will be considered on its merits and will not be automatically granted. Approval will depend upon the ability of the Business Unit to be able to maintain operations for the additional period of leave without incurring costs beyond those budgeted for.

26.2.3. Applications will only be considered where an employee does not have sufficient existing leave entitlements including accrued plus time to cover the period of proposed absence.

- 26.2.4. Where an employee requests cancellation of their Purchased Leave before the leave has been taken, and this is agreed to, a refund of the pre-paid salary will be paid as a lump sum.
- 26.2.5. Other guidelines pertaining to the application and management of Purchased Leave will be as set out on the Council Intranet.

**26.3. Compassionate Leave**

- 26.3.1. An employee shall be entitled on each occasion, to leave without deduction of pay for a period of leave not exceeding two (2) ordinary days' work:
- to spend time with a family member who is suffering from a personal illness or injury that poses a serious threat to that person's life; or
  - upon the death of an immediate family or household member.
- 26.3.2. Proof of such illness/injury or death shall be furnished by the employee to the satisfaction of the employer, if so requested, provided that more favourable terms of leave may be granted by the employer if satisfied in any particular case that the leave authorised by this condition is inadequate.
- 26.3.3. This clause shall have no operation while the period of entitlement to leave under it coincides with any other period of leave.

**26.4. Family Emergency Leave**

- 26.4.1. Employees experiencing a Family Emergency situation may request to take up to 5 days paid Family Emergency Leave, per annum, as defined in the Family Emergency Leave Procedure and as amended from time to time.
- 26.4.2. Employees can access periods of annual or long service leave in conjunction with Family Emergency leave. If an employee has exhausted all available leave entitlements, he or she may request unpaid leave.
- 26.4.3. No adverse action will be taken against an employee if their attendance or performance at work suffers as a result of experiencing family violence.

**26.5. Parental Leave**

**26.5.1. Eligibility**

Subject to the terms and conditions of this clause, all full-time, part-time and fixed-term contract employees are entitled to the entitlements listed under basic entitlements.

- 26.5.2. The entitlements for fixed-term contract staff under this clause cease from the date of termination of the fixed-term contract, unless the employee is re-employed on a permanent basis or further fixed-term contract.

**Definition**

For the purpose of this clause the following definition will apply:

- "Child" means a child of the employee under the age of five (5) years. In the case of adoption, "child" excludes a child or step-child of the employee or of the spouse of the employee or a child who has previously lived continuously with the employee for a period of six months or more.
- "Spouse" includes a de facto, same sex partner or former spouse.

## 26.6. Basic Entitlements

### 26.6.1. Maternity and Adoption Leave – Unpaid

After twelve (12) months continuous service, an employee who becomes pregnant or adopts a child is entitled to up to fifty two (52) weeks unpaid parenting leave. This leave is inclusive of any period of paid maternity leave.

### 26.6.2. Paid Maternity and Adoption Leave

- An employee who has worked for the City of Salisbury on a continuous basis for twelve (12) months or more prior to the expected date of birth or adoption shall be entitled to twelve (12) weeks at 100% of their ordinary rate of pay.
- Normal incremental advancement within salary classifications shall continue during periods of paid maternity leave taken under this clause.
- Employees may access paid maternity or adoption leave entitlements at half pay where requested by an employee and approved by the supervisor.
- For part-time employees, the paid portion of the leave will be at the proportional pro-rata rate of pay.

### 26.6.3. Extended Parental Leave

An employee who is eligible for unpaid parental leave as set out in sub-clause 26.5.1 has the right to request a further period of up to 12 months' unpaid parental leave, such that the total period of parental leave (including paid parental leave and unpaid parental leave) will not exceed 104 weeks.

Where the Employee has requested the Employer to extend the period of unpaid parental leave for an additional period beyond the entitlement to 52 weeks, the Employee shall not have an automatic right to return to the Employee's substantive position at the completion of the period of parental leave. The CEO may exercise the discretion to return the Employee to a position with similar duties and at the same classification level held before the Employee commenced parental leave.

## 26.7. Partner or Parenting Leave

- 26.7.1. A full-time, part-time and fixed-term employee, who submits a certificate from a registered medical practitioner of their partner's pregnancy, or who provides evidence of adoption or guardianship, shall be entitled to access ten (10) working days of paid partner leave, where available, for the purposes of:
- Supporting a partner prior to, or after, the expected date of birth or adoption of a child
  - Assuming legal guardianship of their grandchild under the age of five (5)
- 26.7.2. Partner leave is parental leave taken for the purpose of supporting the Employee's spouse prior to or after the birth or adoption of a child, and is the only parental leave that may be taken simultaneously with parental leave taken by the Employee's spouse.
- 26.7.3. A long term casual Employee who is eligible for unpaid parental leave is entitled to access two (2) weeks of unpaid partner leave.
- 26.7.4. An Employee may request to extend the duration of partner leave to a maximum of eight (8) weeks. Any leave taken in excess of the leave specified in sub-clause 26.6.1 and 26.6.2 will be unpaid.
- 26.7.5. The entire period of partner leave must be taken in a single continuous period and, in the case of paid partner leave, is not available at half pay.

## 26.8. Special Maternity and Adoption Leave

- 26.8.1. If maternity, partner, or adoption leave has commenced, or has been applied for and not commenced and:
- a) In the case of maternity leave, the pregnancy of the employee terminates after 28 weeks other than by the birth of a child; or

- b) The employee's child dies during the period that the employee is on leave; or
- c) In the case of adoption leave, the child dies during the period that the employee is on leave.

The employee shall be entitled to their full period of paid leave, as initially approved by the supervisor.

- 26.8.2. Further unpaid special maternity, partner or adoption leave may be granted to the employee, subject to managerial determination on a case-by-case basis.

26.9. Managing Risks Associated with Pregnancy

- 26.9.1. Where an Employee is pregnant and, in the opinion of a registered medical practitioner, illness or risks arising from the pregnancy or hazards connected with the work assigned to the Employee make it inadvisable for the Employee to continue working under the same conditions, the Employer will make every effort to transfer the Employee to a safe job, on the same pay and conditions, until the commencement of maternity leave.

- 26.9.2. If the Employer is unable to transfer the Employee to a safe job, the Employee may take paid leave immediately, at the rate the Employee would reasonably have expected to be paid by the Employer, for a period ending at the earliest of whichever of the following times is applicable:

- a) the end of the period stated in the medical certificate;
- b) if the Employee's pregnancy results in the birth of a child; the end of the day before the date of birth;
- c) if the Employee's pregnancy terminates (i.e. where the unborn child does not survive or is stillborn) before the end of the pregnancy.

- 26.8.3 A pregnant employee may work part-time for one (1) or more periods while she is pregnant, where part-time employment is necessary or desirable based on medical evidence.

26.10. Statutory Paid Parental Leave (PPL) Scheme

This agreement will be taken not to limit or preclude the application of the Federal Government PPL Scheme in accordance with its terms, as amended or replaced.

In order to efficiently administer paid parental leave entitlements to eligible staff, City of Salisbury paid maternity or adoption entitlements, will commence from the first date of approved maternity (generally 6 weeks prior to the expected birth of the child).

Federal PPL entitlements will be paid to eligible staff as specified by the relevant Governing bodies and may overlap any City of Salisbury entitlements.

26.11. Resumption of Duty

An Employee is required to provide at least six (6) weeks' notice of their intention to return to work from parental leave.

Where an Employee who has given birth elects to return to work within six (6) weeks after the birth of the child, the Employer may require the Employee to provide a medical certificate stating that she is fit to resume work on her normal duties.

An Employee who returns to work after absence on parental leave will, unless otherwise agreed by the Employee, return to the substantive position which the Employee occupied prior to such leave.

In the event that the position an Employee occupied prior to parental leave is not available due to reorganisation of the work unit, the Employee will be appointed to a position equivalent in status and pay rate to the position formerly occupied.

An Employee may negotiate a return to work on a part-time basis in accordance with Clause 4.2.3 – Part-Time Employment of the LGE Award. The request will be considered in line with the operational requirements of the business unit.

In the case where an Employee is transferred to a safe job pursuant to clause 26.8, the Employee will be entitled to return to the substantive position they held immediately before such transfer.

**26.12. Notification Requirements**

All notification requirements, other administrative matters and interpretations will be in accordance with LGE Award Provisions.

**26.13 Long Service Leave**

Employees should not allow their Long Service Leave entitlement to accumulate beyond a maximum of 15 weeks.

Every application for leave should be submitted as soon as practicable, through the standard process.

**27. CLASSIFICATION STRUCTURE**

- 27.1. During the term of this agreement, the employer will undertake a review of the classification structure and associated criteria, including the application of Higher Class Duties (HCD) and Secondments.
- 27.2. The scope of the review and findings will be consulted through the Works Committee with any action as a result of a recommendation from the review to be at the discretion of management.

**28. DISCIPLINARY PROCEDURE**

- 28.1. During the term of this agreement, the employer will review the disciplinary procedure in consultation with employees through the Works Committee. The revised procedure will include the following principle:
  - Where a written warning has been issued that is not a final warning, that warning will remain active for a period of up to two years. This means it will be taken into consideration to determine what level of disciplinary action will apply for a further breach of the expected standard of conduct or work performance.
  - At the expiry of the two year period, the warning will be deemed as no longer active; however it will still remain as a record on the employee's employment file.
  - For the purpose of this clause, no longer active means that the warning will not be used as a basis to escalate a further warning on the same matter(s) to the next level of the disciplinary process after the expiry of the two year period.

**29. NO FURTHER CLAIMS**

- 29.1. The Employees and the Union undertake that during the period of operation of this Agreement there shall be no further wage increase sought, or granted, except for those provided under the terms of this Agreement.

This Enterprise Agreement shall not preclude increases granted by a State Wage Case for economic adjustment purposes from being accessed by those covered by this Agreement. Such State Wage Case decisions must clearly determine that any such increases are in addition to Enterprise Bargaining increases.

This Enterprise Agreement shall not operate to cause an employee to suffer a reduction in ordinary time earnings, or departures from the Standards of the South Australian Employment Tribunal (SAET) with regard to hours of work, annual leave with loading or long service leave with pay.

**30. DISPUTE RESOLUTION PROCEDURE**

- 30.1. The purpose of this procedure is to provide all parties to this Agreement with a system to discuss and resolve all matters of grievance and dispute. The Employer and Employees agree to use all stages in the

Dispute Settlement Procedure to ensure that all issues receive prompt attention and are resolved if possible, by conciliation at the Enterprise level.

During the implementation of the Dispute Resolution Procedure, work within the Council will proceed without stoppage or the imposition of any bans, work limitations or restrictions. The provisions of the Work Health and Safety Act 2012 apply independently of this clause.

At each stage of this procedure a record should be made of the time and date of discussions and relevant outcomes. Such records should be signed off as accurate by the employee/s and management.

#### 30.1.1. Stage One

The employee/s and/or chosen employee representative will contact the relevant manager notifying him/her that a dispute exists and attempt to settle the issue at that level.

#### 30.1.2. Stage Two

If the issue is not settled at Stage One, the employee/s and, if requested, a representative of the employee's choice will meet with their Manager, the Manager Business Excellence (or nominee) and the relevant General Manager. Where possible, the process set out in Stage Two, should occur within ten (10) working days of the issue being raised to ensure its expedient resolution.

#### 30.1.3. Stage Three

If the matter cannot be resolved following Stage Two, the matter in dispute shall be jointly or individually referred to the South Australian Employment Tribunal (SAET) for conciliation, or if unsuccessful, for arbitration.

The parties agree that where a dispute has been referred to SAET under the terms of this clause, the determination arrived at by the SAET will be accepted as binding on both parties.

### 31. CHRISTMAS/NEW YEAR PERIOD

- 31.1. The City of Salisbury maintains operations over the Christmas/New Year period where required to meet the needs of the community. Endeavours will be made to accommodate the wishes of those Employees who wish to take leave over that period, and those who prefer to work.

Arrangements for rostering and the taking of leave over the Christmas/New Year period will be implemented in consultation with Employees. Consultation will be facilitated through the Works Committee in order to provide a framework for implementation of this clause, and further consultation will occur with individual work groups as required.

Rosters and leave arrangements for the Christmas/New Year period will be communicated to Employees no later than 30 November each year.

Any Employee who is required to take leave over the Christmas/New Year period will be allowed access to annual leave, long service leave, plustime and/or time off in lieu at his/her discretion, subject to the conditions applicable for the relevant leave type.

An Employee who commences employment with the City of Salisbury on or after 1 October in a given year and who is required to take leave prior to 31 December in the same year will be granted annual leave in advance if he/she has insufficient leave and/or plustime accrued.

### 32. SALARY ADJUSTMENTS

- 32.1 Salary adjustments (Schedule 2) over the twenty four month period of this agreement will be as follows:

- a) An increase of 3.5% for all employees who are employed under this agreement payable from the first full pay period on or after 1 July 2022.
- b) A further increase of 3.0% minimum or the Adelaide CPI (March Qtr 2023), whichever is the highest, capped at 3.5%, payable from the first full pay period on or after 1 July 2023.

## **Schedule 3**

### **LGE Redeployment Management Guide**

#### **Context**

From time to time redeployment is required to relocate employees whose positions are no longer required due to a shift in priorities or service demand.

While negotiated agreements provide a safety net of obligations to be met, this document provides a charter of the principles and procedure that will be used to guide overall administration of the redeployment process.

Underpinning this guide is recognition of the need for strategic alignment with the City Plan Key Directions. In particular there is a need to develop strong capability and commitment to continually improve Council's performance.

#### **Redeployment Obligations**

In addressing surplus workforce resources, the employer will meet all obligations under the industrial agreements, acknowledging that the primary aim is to place redeployed employees into a position of equal classification and status commensurate with their pre-redeployment position.

Associated considerations will be:

- To acknowledge redeployment as a means of maintaining workforce capabilities of the organisation
- To treat all employees engaged in the redeployment process fairly, with honesty, respect and consideration and retain skilled, valued and loyal employees
- To provide reasonable training to re-skill the employee to meet potential vacancies within the organisation at the same level

#### **Principles**

1. It is recognised employees are subject to redeployment due to circumstances beyond their control
2. Redeployment will occur within the existing staffing establishment whenever possible. Any position additional to staffing establishment will require CEO approval.
3. Employees will receive communication and information to assist them in making informed choices from the available options
4. Where a suitable skills match with an employee has been identified for an existing vacancy, at the same level or lower, a redeployed employee may be offered a transfer into this role without the need for the position to be advertised for merit selection
5. Thorough consultation with the new supervisor and re-deployee will occur to ensure sound placement. Opportunity to review and adjust the placement if required may occur through consultation with the People and Culture Team
6. Where a re-deployee would like to be considered for a vacancy at a level higher than their substantive role, this position will need to be earned through the standard recruitment process

#### **Redeployment Process**

The redeployment process commences after a letter has been provided to the employee advising that their current position is redundant.

There may be occasions where an employment contract indicates that the employer shall, in consultation with the employee, be entitled to vary the responsibilities and title of the employee's position, provided that the revised responsibilities are commensurate with the skills and competencies of the incumbent. In this instance, the employee is not "redeployed" in accordance with these Guidelines. In this instance, the employee will maintain the same classification level and

wages. However, the employer will conduct a review of physical capacity and competency to ensure the revised responsibilities are commensurate with the physical capacity, skills and competencies of the incumbent. Training will be provided to meet the required competencies for the revised responsibilities. If necessary, a Functional Capacity Assessment will be conducted to ensure physical capacity for the revised responsibilities.

The redeployment process is completed after the final review of physical capacity and competency, at the latest at six months. The employee will maintain their current salary until the end of review period. If redeployed to an alternative job with a lower classification level, the employee shall maintain their current salary for a period of 12 months beyond the six month review period.

At the end of the 12 month period, the salary level for the employee will be frozen until such time as the salary increases application to the redeployment position matches that of the redeployed employee.

In the best interests of both parties, the employer will make every effort to find an alternative position for the redeployed employee, commensurate with their classification.

### **Redeployment Approach**

1. Upon the decision to seek redeployment, a representative from People and Culture will consult with Divisions which a re-deployee may move into and the employee and develop a redeployment plan, recording:
  - a) Skills, knowledge and attributes
  - b) Areas of interest and career goals
  - c) Opportunities for training and development
  - d) Preferred working conditions including hours of work for consideration

This will involve review of the employee's physical capacity, training history, past employment and review of the competency framework (for field employees). The aim is to identify transferrable skills, knowledge and attributes that will provide a basis for a new role.

The employee will be offered to have a workplace support person attend all meetings.

2. People and Culture shall concurrently undertake research to:
  - a) Survey current and potential vacancies of ongoing positions; and
  - b) Current ongoing positions being filled on a temporary basis.
3. People and Culture will engage with management to assess operational requirements for additional employee resourcing from within their budget
4. Where a potential suitable match is found, People and Culture will engage the employee and supervisor to complete the individual redeployment plan, to include:
  - Review of Job expectations and Job Description
  - Training and development requirements
  - Any physical requirements of the potential role (this may require a Functional Capacity Assessment to be completed to determine if the role is suitable alternative employment). The Functional Capacity Assessment will assess capacity and recommend a plan to address any capacity gaps.
  - An Induction plan.
5. The employee shall be redeployed into the position with review at six weeks, three months and six months to assess physical capacity and competency.
6. Should a match not be found, aligned to the employee's skills, knowledge and attributes, People and Culture will engage with management to identify all remaining vacancies within which the employee may be placed. This may involve a period of training where there is not a close match to the role.

The organisation will seek expressions of interest to identify any other employee who may be seeking a transfer to a vacant role, and consideration will be given to transfer of that employee, to create another vacancy matched to the redeployed employee's skills, knowledge and attributes. This may involve re-training of either employee.

### **Suitable Alternative Employment**

A position will be regarded as suitable alternative employment when:

- The suitable alternative employment position is at the same classification level or one level below the employee's previous position, with comparable terms of employment, taking into consideration hours of work; and
- The employee may reasonably be expected to acquire any knowledge or skill difference within six months; and
- The employee has physical capacity to undertake the requirements of the role.

Where the suitable alternative employment is one level below, the employee shall maintain their current salary for a period of 12 months following the end of the redeployment review period. At the end of this period, the salary level for the employee will be frozen until such time as the salary increases applicable to the redeployment position matches that of the redeployed employee.

Where there is a dispute as to whether it is suitable alternative employment, in particular in relation to whether the employee can acquire the required skills and knowledge in the six month period, the matter will be referred for independent review by an agreed training and development provider, to provide information for consideration.

Where there is a dispute in relation to physical capacity, an agreed external service provider will be engaged to complete an assessment that will be used to determine suitable alternative employment.

### **Re-training**

- Where a skills or knowledge gap has been identified for a role that is a close match at the same level or below, the Learning and Development Coordinator will be engaged to develop a training program to address the gap.
- It is anticipated that training / re-training would be achieved within a six month period. Reviews will be conducted at six weeks, three months and six months.
- Approval for training costs is provided by the originating General Manager.

### **Re-employment**

The City of Salisbury shall not re-employ any person, in any form of employment, including contract work, whom has received a Separation Package, within a 12 month period of their last day of employment with the organisation.

### **Notes:**

- To maintain motivation, intrinsic value for the employee and effectiveness for the organisation, employees may be placed in temporary positions while the redeployment approach is being administered. The employee shall maintain their current salary during this period.
- It is the intention the employee shall not be in temporary roles for a sustained period. Notwithstanding, where vacancies are unavailable the organisation reserves the right to maintain employees in a temporary role until an ongoing position, meeting the obligations of redeployment, becomes available.
- In the circumstance where a role cannot be confirmed and a temporary role is offered, the employee may negotiate leave by agreement as a preference.
- In such circumstances, People and Culture shall meet with the employee regularly to ensure communication with, and welfare of the employee is maintained.
- Where more than one employee is closely aligned to a position at any point in time, priority shall be given to skills, knowledge, ability, level of motivation for the role, and previous performance as recorded in the Performance and Development Plan, and other personnel records as

assessed by a panel consisting of the CEO, a representative from People and Culture and the reporting manager.

- The process of matching shall be clearly explained, premised on workforce planning principles, so that an understanding is reached (by employees) on the principles which will guide placements into vacant roles
- Employees may apply for any other advertised positions within the organisation during the redeployment process
- Should disagreement between parties arise during the redeployment process, final decision on placement shall be sought from the CEO. The final decision shall be made without prejudice, aligned to the best outcome for the business and organisation. If there is a dispute relating to the decision of the CEO, then the Enterprise Agreement Dispute Resolution Procedure Stage 3 where the matter in dispute may be referred to the South Australian Employment Tribunal (SAET).
