Schedule 1 – Classification Procedure

1. Introduction

- 1.1 The aim of the classification process is to ensure as far as practicable, that work features, responsibilities, skills, knowledge, experience and qualifications are evaluated in comparable terms irrespective of discipline. The salary structure encompasses General Officers and Senior Officers.
- 1.2 The first step in establishing the most appropriate classification for a position involves the gathering and documenting of information about the position and describing it in a form which can be used to compare the job with the classification criteria. The quality and extent of the information gathered is very important in this process, as it will be used to determine the appropriate classification for the position.
- 1.3 Based on the information gathered, a job description should be prepared specifying the responsibilities, duties, skills knowledge and/or experience required in the position.
- 1.4 After the job description is complete a systematic comparison with the classification criteria needs to be undertaken. This assessment is used to determine the appropriate classification of the position.
- 1.5 All officers (other than CEO's and Senior Officers) are classified according to the General Officer structure, whilst CEO's and Senior Officers are classified under the Senior Officers Stream.

2. Classification

2.1 General Officers

- 2.1.1 To facilitate the ready and precise classification of all occupations, classification criteria have been developed describing the General Features, General Responsibilities, Specific Responsibilities and Skills Knowledge, Experience and Qualifications and/or Training. There are eight distinctive levels within the structure.
- 2.1.2 When classifying a position all aspects of the job must be considered against the total Agreement criteria of the classification level. The total responsibilities of the position must be compared with the total responsibilities of the level, rather than comparison with selected parts.
- 2.1.3 The job description should be tested against more than one level for appropriateness.

2.2 Senior Officer - Chief Executive Officers

- 2.2.1 All Chief Executive Officers are graded in accordance with the determination of a Local Government Classification Committee in a manner which effectively establishes appropriate relativity between Chief Executive Officer positions having regard to Council revenue, population and staffing establishment. The Committee reviews classifications of CEO's biennially and formerly advises Council regarding the appropriate Agreement classification.
- 2.2.2 The Local Government Classification Committee will comprise up to four representatives as deemed appropriate by the Local Government Association.
- 2.2.3 The Council shall adopt the salaries prescribed for the appropriate level unless by agreement with the CEO, alternative arrangements are negotiated, with the basis for the agreement being the first salary point for the appropriate level.
- 2.2.4 By agreement between the Council and CEO, further remuneration (as part of the salary package) may be negotiated subject to the adoption of mutually agreed performance indicators and/or other processes agreed between the Council and Chief Executive Officer.
- 2.2.5 A Chief Executive Officer shall be paid not less than \$1030 per annum or 2.5% (whichever is the greater) above the base rate of the relevant Council's next highest paid officer who is classified pursuant to this Agreement.
- 2.2.6 Reasonable out-of-pocket expenses which are incurred by a Chief Executive Officer in attending social and/or official functions when required to do so by Council, shall be provided by the Council, or
- 2.2.7 In lieu of out-of-pocket expenses the Council and the Chief Executive Officer concerned may agree upon a fixed amount per annum.

2.3 Senior Officer

- 2.3.1 Positions within this structure exceed the classification levels of the General Officer structure and are generally characterised by managerial responsibility, high accountability

and a high degree of personal ability. The Stream consists of 4 management bands based on the Chief Executive Officer salary.

2.3.2 The structure shall consist of 4 management bands:

Band 4 shall encompass 2 levels below the level afforded to the CEO

Band 3 shall fall 1 level below Band 4

Band 2 shall fall 1 level below Band 3

Band 1 shall fall 1 level below Band 2

This formula shall apply to all employers with the exception of a Council where the CEO is classified at Level 10 or above, in which case Band 4 shall encompass 3 levels below the level afforded to the CEO.

2.3.3 The Council shall adopt the salaries prescribed for the appropriate level unless by agreement with the Senior Officer, alternative arrangements are negotiated, with the basis for the agreement being the first salary point for the appropriate level. By agreement between the Council and Senior Officer, further remuneration (as part of a salary package) may be negotiated subject to the adoption of mutually agreed performance indicators and/or other processes agreed between the Council and Senior Officer.

3. Progression through the Levels

3.1 At the conclusion of each twelve month period following appointment to a classification an officer shall be eligible for incremental progression within each salary level subject to the following:

3.1.1 Where the employer adopts and implements a formal, structured performance appraisal scheme progression from the first salary increment to the top increment within a classification level shall be by annual incremental advancement subject to the officer having given "satisfactory service" for the prior twelve months employment.

3.1.2 The appraisal scheme for the purpose of determining "satisfactory service" for progression should contain the following features:

- (a) the scheme is underpinned by principles which ensure equity and procedural fairness to employees.
- (b) foundation in a current and accurate job description.
- (c) individual training plans where through the application of the appraisal scheme the need for additional training becomes apparent.
- (d) appraisal will take place in sufficient time (at least 6 months prior) to allow improved performance to qualify for an annual increment.
- (e) any dispute over the appraisal and/or progression shall be dealt with in accordance with the dispute settling procedure.

3.1.3 If the employer does not have a formal structured staff appraisal scheme, increments will occur automatically on an annual basis.

3.2 Senior Officer, Additional Aspects of Salary Progression through the Levels

3.2.1 The employer and a Senior Officer may agree upon an additional annual amount in lieu of incremental advancement which would be paid to the Senior Officer providing that performance standards are achieved.

3.2.2 The means for establishing the performance indicators to be used for the purposes of assessing the Senior Officer's performance shall be agreed between the Senior Officer and the Council.

4. Study Leave for Classification Progression

4.1 The employer may approve an employee's application for study leave (either wholly or in part) in order for the employee to obtain a qualification that is necessary to enable the employee to progress through the Agreement classification structure.

4.2 Such leave shall require approval by the employer, whether paid or not, if taken during normal working hours.
