Clause 13: GRIEVANCE/DISPUTE RESOLUTION PROCEDURE

The parties to this Agreement acknowledge that effective communication enhances employee relations and reduces the likelihood of grievances or industrial disputes. The Grievance/Dispute Resolution Procedure follows a staged approach to ensure that all issues receive prompt attention and are resolved wherever possible by conciliation within the organisation.

Throughout the Grievance/Dispute Resolution Procedure, work within the Council will proceed without stoppage or the imposition of any bans, work limitations or restrictions, except in the case of genuine workplace health and safety issues.

This procedure does not apply to matters covered by the organisation's Fair Treatment/Equal Opportunity Procedure, which provides a specific process.

At each stage of the procedure, a record should be made of the item and date of discussions and relevant outcomes. Any such record should be signed off as accurate by the employee(s) and management.

Any grievances or disputes will be settled using the following procedure:

Stage 1

The employee, Workplace Representative (if appropriate) or advocate nominated by the employee (or group of employees) will contact the relevant corporate leader and attempt to settle the matter at that level.

Generally this will be the employee's (or group of employees') immediate corporate leader. If the employee wishes they may be supported in such discussions by a Workplace Representative (if appropriate) or advocate of their choice.

Stage 2

If the issue is not settled at Stage One, the employee and the nominated representative (and if requested the Union official) will meet with the relevant corporate leader and the Manager People and Organisational Development and/or delegate to attempt to resolve the issue.

Stage 3

If the matter is not settled at Stage Two, the Union official and if requested, the relevant Workplace Representative will meet with the relevant Director, the employee(s) and the Manager People and Organisational Development and/or delegate.

If the matter is not settled at Stage Three, the Chief Executive Officer will meet with the Union official, the employee's relevant workplace representative (if requested), the Manager People and Organisational Development and the relevant Director.

Stage 5

If the matter is not settled at Stage Four, the employer, the employee or their representative(s) may approach the South Australian Industrial Relations Commission for assistance by conciliation and, in the event of it remaining unresolved, the parties shall accept the final outcomes of arbitration.

The process contained in Stages One, Two, Three and Four should be completed within fourteen (14) working days of the issue being raised at Stage One.

Clause 17: MULTI-SKILLING

The parties are committed to multi-skilling as a means of providing opportunities to employees for the development of new skills and career paths, improving job satisfaction by offering a more diverse range of duties, and maximising the use and flexibility of Council's human resources by allocating them to the areas of greatest need, thereby improving customer service. Multi-skilling can also be used to ensure equity and fairness of workloads among team members.

The parties agree that multi-skilling may be introduced by mutual agreement between the employee and management and such agreement by an employee cannot be unreasonably withheld, and that:

- It is not used to circumvent employee selection and appointment procedures for any new position nor Council's ***Redundancy and Redeployment Principles and Guidelines***

Clause 19: INDIVIDUAL PERFORMANCE PLANNING

Individual performance planning is important for the ongoing development of all employees and assists in the delivery of the organisation's Strategic and Corporate Plan objectives.

All employees will participate in a bi-annual Individual Performance Planning meeting in accordance with the Individual Performance Planning framework and procedure.

Clause 20: FIXED TERM CONTRACTS

The parties agree that the use of fixed term employment contracts is appropriate under certain circumstances provided the following criteria is applied:

- (a) For a specific project of defined duration or for work of a limited duration or where there is reasonable uncertainty as to the long-term future of a position (e.g. in instances of review of service delivery or team structure)
- (b) A position which is funded from an external body
- (c) For temporarily replacing those on extended leave or periods of leave without pay
- (d) For positions classified above Level 5.3

Existing permanent employees covered under (d) above will not be compelled to transfer to a fixed term contract. Fixed term contracts under arrangement (d) above may be effected only as a result of a selection process for a vacant position. Any employee who is subject to redeployment as provided in Council's Redundancy and Redeployment Principles and Guidelines will not be placed on a fixed term contract unless they were subject to a fixed term contract prior to redeployment - in which case they will be redeployed for the remainder of their contract period. No employee will be placed on a fixed term contract as a disciplinary measure.

Prior to signing any fixed term employment contract, the successful applicant shall be afforded the opportunity to consult with person(s) of their choice about the terms of the proposed contract.

Should the Chief Executive Officer or their nominee elect to terminate the employment contract prior to its expiry date and the decision to terminate the contract is fair and reasonable in accordance with Council's Performance Management and Discipline Procedure, the employee will be given a minimum of four (4) weeks' notice (unless a longer period is specified in the contract) or payment in lieu of that period of notice.

This arrangement will not apply in cases of summary termination as provided in Council's Performance Management and Discipline Procedure.

In circumstances where a fixed term employment contract is in force and the position is to be extended or offered on an ongoing basis at the conclusion of the contract period, the incumbent will be offered an extension to their contract or an ongoing contract provided that:

1. The position is not the substantive position of another employee who is to return to the position
2. The position has not changed significantly in order to meet organisational needs or funding criteria changes
3. The incumbent has satisfactorily met the performance objectives of the position during the term of the preceding contract
4. The incumbent has already undergone an open selection process either within or outside of Council for the position

5. If the position is to be offered on an ongoing basis, the incumbent has been in the role for more than two years.

If the incumbent has not undergone a selection process in accordance with 4. above, the incumbent will have the right to apply for the position when it is advertised internally or externally.

Except in the case of fixed term contracts which are subject to external funding, where practical for contracts of at least one (1) year's duration (except where termination occurs prior to the expiry of the contract) the parties will give a minimum of eight (8) weeks' notice not to renew the contract.

Clause 21: NOTIFICATION OF ABSENCE

Employees who are to be absent from duty, e.g. absent on sick leave, should take all reasonable steps to advise the appropriate officer in their work team of their absence as early as possible prior to the normal start of duty in accordance with Council's Sick Leave Principle and Guidelines.

It is acknowledged that in emergency situations prior notice may not be possible, however failure to provide appropriate notice other than for such emergencies may result in counselling/disciplinary action.

Clause 22: ORGANISATIONAL STAFFING

The Chief Executive Officer is committed to seeking funding for appropriate resourcing levels to ensure the achievement of corporate objectives and sustainable improvements in productivity. In so doing, the Chief Executive Officer is mindful of the need to maintain equity in the distribution of workload. Corporate leaders will assess the distribution of workload and its impacts on employees where they believe there is reason to do so. Those employees who are concerned about unduly heavy workloads should raise those issues with their appropriate corporate leader in the first instance. Any employee aggrieved by the outcome of those investigations shall have recourse to Clause 13 - Grievance/Dispute Resolution Procedure.

Where a position remains vacant for a period of longer than one month, the Chief Executive Officer or their nominee will undertake to consult with employees as to the implications of such vacancy on the capacity to achieve operational outcomes.

The Chief Executive Officer encourages the commitment and loyalty of employees and is committed to providing as stable and secure employment conditions as possible.

Clause 23: RECRUITMENT AND APPOINTMENT ON MERIT

The Chief Executive Officer remains committed to the principle of recruitment and appointment on merit and using a process that ensures fairness and equity. Applications for vacant positions within Council are encouraged from full-time, part-time, fixed term contract and casual employees. The selection of the successful applicant for a Council position will be based on a number of factors. These will include but not be limited to capacity of the applicant to meet the requirements/objectives of the position and the skills and experience of the applicant. Those employees who apply for a position but are unsuccessful may seek feedback on their interview from the nominated chairperson on the interview panel.

Clause 24: PART-TIME OFFICERS

Where there is mutual agreement between a part-time officer and their corporate leader to work hours additional to their normal contracted hours to meet short-term operational requirements, such additional hours will be paid at the ordinary rate of pay and will accrue entitlements for the purposes of leave.

Overtime penalty rates will only apply where the corporate leader requires the additional hours to be worked and the corporate leader and the officer do not agree to ordinary rates, and the payment of such additional hours satisfies the requirements of Clause 3.1.3.2 of the Award.

Where additional temporary or permanent hours become available on an ongoing basis that do not constitute a full-time position, existing part-time employees will be given the option of applying for those hours through a merit-based selection process before the position is advertised externally. The employer retains the right to offer the position in a manner that suits operational requirements.

Where it is impractical to apply these provisions due to the position requiring immediate filling, temporary employees may be engaged for a single period of up to three weeks.

This clause will not preclude the involvement of part-time officers in the provisions of Clause 15 Flexible Hours.

Clause 25: PART-TIME AND CASUAL EMPLOYEES INCREMENT PAYMENT

25.1 Part-Time employees

Part-time employees will accrue their incremental entitlements on the basis of completed calendar years of service.

25.2 Casual employees

Casual employees will accrue their incremental increase based on the number of ordinary hours worked in a completed year of service. Casual employees are required to work a minimum of 780 hours in the twelve month period to qualify for the incremental increase. Progression to the next applicable increment cannot occur earlier than twelve (12) months at the previous or existing increment.

At the commencement of this agreement all existing casuals will move to the next increment.

Clause 26: DRIVERS LICENCES

Drivers licences will only be reimbursed to employees where the holding of a drivers licence is detailed as an essential requirement in the employee's position description. Reimbursement shall be by one annual payment for each 12 month period of the licence.

Clause 27: STUDY SUPPORT

The parties recognise the importance of the acquisition of relevant professional knowledge and skills and/or the continued development of relevant skills and knowledge of employees through study programs.

Study assistance, in accordance with Council's Study Support Principle and Guidelines applying at the time will be available, subject to budget availability, to those employees who elect to undertake approved programs of study.

Clause 28: FAMILY LEAVE

Employees will be credited with 12 days sick/family leave (comprising 10 days sick leave and 2 days bereavement leave) which can be used for either sick, family or bereavement leave. The 10 day sick leave entitlement is cumulative – the 2 day Bereavement Leave entitlement is non-cumulative. The duration of family or bereavement leave utilised under this clause will be subject to mutual agreement between the employee and appropriate corporate leader, and will take into account particular circumstances which exist at the time of application. The taking of such leave will be in accordance with the criteria outlined in Clauses 6.6 Sick Leave and 6.8 Family Leave of the Award. The parties recognise that some employees may be the only available carer for a family member who is not specified as 'immediately family' in Clause 6.8 of the Award. Such employees may apply for family leave to care for this family member in circumstances where no other person is able to provide such care – including a certificate from the treating medical practitioner citing such need..

Clause 29: LONG SERVICE LEAVE ENTITLEMENTS

Where an employee's contract of employment is varied to reduce the hours of work to part-time, the long service leave entitlement accrued at the time of the variation shall be preserved at the rate at which it was accrued. From the date of the variation, the employee shall accrue long service leave entitlements based on their part-time contracted hours.

When taking long service leave, the employee shall draw from their 'preserved' entitlement first. Once this preserved entitlement is extinguished, the long service leave will be taken in accordance with the Long Service Leave Act.

The payment of long service leave shall be calculated on the ordinary hourly rate of pay applicable at the time of taking leave.

Entitlement under this clause will apply from the date of certification of the Enterprise Agreement. The 'preserved' entitlement shall apply to the employee only for the period of their employment with the City of Tea Tree Gully and is not transferable to any other local government authority or employer.

Where an employee's contract of employment is varied to increase the hours of work to full time, long service leave entitlements shall be based on the three year average as prescribed by the Long Service Leave Act and be taken in accordance with the Act.

Clause 30: CARER'S LEAVE

The Chief Executive Officer or their nominee may grant employees up to one year's leave without pay to care for an immediate family or household member subject to the following conditions. Permission for such leave will not be unreasonably withheld.

- The employee must be the primary care-giver for the person concerned
- The 'person concerned' must be a member of the employee's immediate family or household. The term 'immediate family' includes a spouse, a de facto spouse, partner, a child or an adult child (including an adopted child, a stepchild, or an ex nuptial child), parent, grandparent, grandchild or sibling of the employee. The parties recognise that some employees may be the only available carer for a family member

who is not specified as 'immediate family', and such employees may apply for carer's leave to care for this family member if no other person is able to provide such care

- The employee shall apply for carer's leave in writing to the Chief Executive Officer
- The employee shall, in their application, give the employer the name of the person requiring care and their relationship to the employee, their reasons for taking such leave, including the degree of dependency required and length of absence. A medical certificate from a registered medical practitioner shall be provided which indicates the nature of the care required
- An employee on carer's leave may seek to undertake a period of irregular casual employment for the City of Tea Tree Gully. Should there be an operational requirement and the employee has the appropriate skills and/or experience mix the Chief Executive Officer may approve such a request. The rate of pay will be based on the classification of the position to which the employee is so engaged
- Absence on carer's leave shall not break the continuity of service of an employee but shall not be taken into account (other than when engaged as a casual) in calculating the period of service for any purpose defined in the Award or Agreement
- The Chief Executive Officer may, as part of approval of a period of Carer's Leave, require the employee to take any overdue annual and long service leave entitlement provided in the Leave Principles and Procedure
- An employee on carer's leave is entitled to the position that he or she held immediately before proceeding on carer's leave. If there is a restructure or redesign of the position during the period of carer's leave, the employer will make all reasonable efforts to consult with the employee affected. Should such restructure or redesign result in a change to the classification level of the position, the employee shall have access to the income maintenance provision contained within Council's Redundancy and Redeployment Principles and Guidelines
- Carer's leave shall be for a maximum period of one (1) year. In special circumstances the Chief Executive Officer may, at their discretion, grant a further extension to this period up to a maximum of two years. At the time of written application for a further extension the implications of such request will be discussed with the employee, such implications including the availability or non-availability of the employee's substantive position, impacts, if any, on classification/salary etc. If Carer's Leave is extended beyond 12 months and the employee's substantive position is no longer available, the employee will have entitlement to an alternative position within Council as close as possible to their substantive classification and which takes into account their skills and experience. Should such position be classified at a lower level than the employee's substantive position, the employee shall have access to the income maintenance provision contained within Council's Redeployment Policy
- Carer's Leave may be taken immediately following a period of Parental Leave (where applicable). In these instances the combined period of leave shall not extend beyond two years
- An employee on Carer's Leave may terminate their employment at any time during the period of leave by notice in accordance with the Award.

Clause 31: PAID PARENTAL LEAVE

An employee shall be granted parental leave on full pay (for the purposes of this clause “full pay” shall mean the substantive Award classification for the position held by the employee plus any negotiated over-Award payment and Council’s Enterprise Agreement payments, but shall exclude any payment pertaining to LAWAs, “off-the-clock” arrangements and any other related over-Award payments) for a consecutive period of twelve weeks absence in the case of the mother and two weeks absence in the case of the partner of the mother provided that:

- The employee must apply in writing to the Chief Executive Officer for paid parental leave, including a certificate from a qualified medical practitioner stating the expected date of birth of the child of the employee.
- The employee must have completed 12 months’ continuous service with the City of Tea Tree Gully immediately prior to qualifying for the paid parental leave.
- In the case of maternity leave, the period of twelve weeks’ absence shall commence on the first day of the approved maternity leave or at any date nominated by the applicant during the period of parental leave.
- In the case of the partner of the mother, the leave shall be taken within the first three months of the child’s birth.
- The entire twelve week (for females) and two week (for the partner) period must be taken in one consecutive block and must be taken within the period of approved parental leave.
- Any public or other statutory holiday that falls within the period of parental leave shall be counted as a day of such parental leave.
- Where the pregnancy of an employee terminates between 20 and 36 weeks, one week’s paid parental leave will be provided to the employee, and the employee may also access sick or family leave.
- Employees who are entitled to take parental leave under Clause 6.5 of the Award can apply to take any accrued annual leave or long service leave at the conclusion of parental leave, provided 3 months’ written notice is given to the employer and it is by mutual consent.

This clause shall be read in conjunction with Clause 6.5 of the Award.

Clause 32: UNPAID LEAVE

The organisation acknowledges that unpaid leave may be granted after due consideration by the Chief Executive Officer of individual circumstances and organisational/departmental resourcing requirements. Unless extenuating circumstances apply, all annual and long service entitlements should be exhausted before any unpaid leave is taken (excluding during periods of Maternity Leave).

If the Chief Executive Officer approves unpaid leave of absence the following conditions apply:

Unpaid leave granted –

1. Will not break the employee’s continuity of service
2. Will not be included for the purposes of calculating retrospective wage levels (for example in the calculation of long service leave or redundancy pay)
3. Will not be included in the calculation of length of service

4. Will not guarantee a return to the original position held at the time the leave was granted
5. In the case where 4. above applies, the organisation will endeavour to provide a position of similar level of responsibility and remuneration
6. Where 5. above is not achievable, conditions relevant to Council's current Redundancy and Redeployment Principles and Guidelines will apply as they relate to "positions within the organisation and remuneration levels", but may exclude the income maintenance provisions
7. Access to the applicable Council sick and accident insurance policy will not be available for the period of unpaid leave.
8. Member contributions to the employee's superannuation fund are frozen. For Local Super members, if notified the Superannuation Board may, depending on the reason for the unpaid leave, continue the insurance component of superannuation for up to 12 months. Costs incurred for this insurance will be deducted from the member's superannuation guarantee funds.

Clause 33: PURCHASED LEAVE

Employees may apply for purchased leave up to a maximum of an additional four weeks in accordance with the Leave Principles and Procedures.

Clause 34: TRADE UNION TRAINING LEAVE

Employees are allowed leave with pay up to a maximum of five days per annum to attend Trade Union training courses conducted or approved by the Union provided:

- The employer is given at least four weeks' notice of the date of commencement of the training course, including course content, timing and presenter
- The employer is able to make adequate staffing arrangements during the period of such leave
- The course is in accordance with the principle of promoting better employee relations within the organisation

Any leave taken under this clause will be counted as continuous service for all purposes of the Award and for the purposes of long service leave entitlements.

The total leave taken by all ANMF members in any one year will not be unreasonable.

Clause 35: RIGHT OF ENTRY

The parties acknowledge that employees may, at times, need to meet with a Union officer to discuss matters relating to their conditions of employment and/or salary or any other legitimate Union business. A duly authorised official of the Union may, if requested to do so, meet with members of the Union or employees eligible to be members of the Union (who have had prior notification of a meeting) either individually or collectively for the purposes of holding discussions with those employees who wish to participate in such discussions. Such interviews are to take place during the employees' meal breaks or at such other times as may be agreed by the appropriate Director or Manager People and Organisational Development.

A duly authorised official of the Union may also enter Council premises during working hours should there be a suspected breach of the Award and/or this Agreement. The duly authorised official may inspect any relevant/associated work, books or documents and interview any employee in respect to the suspected breach provided that the official does not hinder or obstruct any employee of Council concerned in performing their work during working time. The official of the Union will advise the Manager People and Organisational Development of any intent to enter the premises in such circumstances.

A Union officer may meet with the duly elected Workplace Representatives for the purposes of conducting the agreed Workplace Representatives meeting in accordance with Clause 14 of this Agreement.

Clause 36: SUPERANNUATION

36.1 Choice of funds

The parties agree that all employees shall have their choice of superannuation fund. Local Super will remain the default fund where employees do not advise an alternative superannuation fund for receipt of contributions.

All new employees will be provided with a standard choice form to select their preferred fund. For any new employee who does not provide a Choice Form within an appropriate period as determined by the employer, all contributions will be paid to Local Super.

Employees may only change their choice of fund once every 12 months.

36.2 Salary sacrifice to superannuation

Subject to the following conditions, an employee may elect with the agreement of the employer (such an agreement shall not be unreasonably withheld by the employer) to salary sacrifice any part or all of their salary (including Award or Enterprise Agreement based salary/wages) to make additional contributions to their choice of superannuation fund as outlined in Clause 38.1 above.

As salary sacrifice is a complex matter, it is the employee's responsibility to seek advice and fully understand all implications of salary sacrifice before seeking to enter into this arrangement.

The application shall be in writing on the form provided by the relevant superannuation fund and shall detail the percentage of salary sacrificed. Requests for salary sacrifice to superannuation must be for a minimum of 1% of gross salary and must be in whole percentages (i.e 1%, 2% 3% etc).

The employee will need to provide a minimum of 4 weeks notice of their intention to salary sacrifice or to change/rescind their salary sacrifice arrangements.

Any such arrangement shall be by mutual agreement between each individual employee and the organisation, provided that approval shall not be unreasonably withheld.

Once established, an employee may change their salary sacrifice arrangements up to two times per calendar year, provided the required notice period of four (4) weeks is given.

All payments for all types of leave, annual leave loading, superannuation, redundancy payments, termination payments, overtime and shift penalties will be calculated on the basis of the employee's pre-sacrifice salary.

The employee is responsible for costs associated with taxation and any other matters in respect of the salary sacrifice arrangements. Contributions made to the relevant superannuation fund will be adjusted (at the employee's cost) to take account of taxation payable in relation to those contributions.

Salary sacrifice contributions will be treated as employer contributions, may be subject to the superannuation surcharge, and are likely to be preserved.

Clause 37: SICK AND ACCIDENT INSURANCE

The parties acknowledge that sick and accident insurance coverage is provided by the employer for its employees.

This coverage will be provided from and with entitlements current to the provider specified. The specified provider may change during the period of this Agreement, such decision being outside of Council's control. The employer will advise employees of any changes to the insurance plan as soon as practical after the employer is notified.

Should the capacity to provide the coverage be detrimentally impacted, i.e. significant increase to premium costs, the position will be reviewed by the parties to the Agreement.

During a period that an employee is absent from work and covered by Council's sickness and accident insurance policy, no annual or sick leave is accrued however such absence does not break continuity of service for the purposes of calculating long service leave.

This loading will be calculated on the available annual leave balance (including pro-rata balances) as at the last pay period in November of each year.

Clause 40: NO FURTHER CLAIMS

It is a condition of this Agreement that employees or the Union on behalf of the employees will not pursue any further claims in relation to wages or conditions of employment, except as provided for in this Agreement, for the duration of the Agreement.

Clause 41: QUANTUM AND TIMING

Following certification of this Agreement, the employer agrees to increase pay rates to employees covered by this Agreement by 3.75 % effective from the first full pay period after 18 December 2012, and from 3.75% or CPI + 1% (whichever is the greater) from the first full pay period on or after 1 July 2013 and 1 July 2014.
