- Corporate values;
- The SAMFS strategic plan;
- Performance improvement;
- Increased productivity;
- Fair and flexible working arrangements; and
- Continuous improvement.

9.2 The parties to the Agreement acknowledge that issues of Government policy and service levels fall outside the parameters of the Agreement.

## **10. CONSULTATION PRINCIPLES**

The parties commit to the following principles in respect of consultation:

- 10.1 Consultation involves the sharing of information and the exchange of views between the SAMFS and the Union and provides genuine opportunity for the Union to contribute effectively to any decision making process.
- 10.2 The SAMFS will consult in good faith, not simply advise what will be done.
- 10.3 It is an accepted principle that effective workplace relationships can only be achieved if appropriate consultation between the parties occurs on a regular basis.
- 10.4 Workplace change, which will affect a significant number of employees, should not be implemented before appropriate consultation has occurred with the Union.
- 10.5 The Union will be given the opportunity to adequately consult with its members in relation to proposed changes that may affect employees' working conditions or the services employees provide.

## **11. OCCUPATIONAL HEALTH, SAFETY AND WELFARE**

- 11.1 The parties are committed to, and the employees have a responsibility for, maintaining a safe and healthy work environment in accordance with applicable legislation.

## **12. GRIEVANCE AND DISPUTE AVOIDANCE PROCEDURES**

- 12.1 It is the intent of this procedure to encourage communication at all stages of the process to find a satisfactory solution to any dispute.
- 12.2 Any grievance, industrial dispute or matter likely to create a dispute shall be dealt with in the following manner:
  - 12.2.1 The employee representative and the employer shall notify each other in writing the names of their duly accredited representatives and deputies who would be responsible for matters arising on the job. The employee representatives will be entitled to make representations on behalf of employees and the employer representatives will be responsible for dealing with matters raised.
  - 12.2.2 The accredited representatives shall make themselves available for consultation.
  - 12.2.3 The employee or employee representative should discuss any matter affecting an employee with the supervisor in charge of the section or sections in which the grievance, dispute or likely dispute exists. Consultation must occur within 24 hours or as agreed between the parties.
  - 12.2.4 If the matter is not resolved at this level either party may refer the matter to an appropriate manager who shall arrange a conference to discuss the issue.
  - 12.2.5 If the matter remains unresolved, the employee or employee representative shall advise the appropriate Union official and a conference will be arranged with the relevant manager to discuss the matter.
  - 12.2.6 If the grievance, dispute or likely dispute is not resolved either party may refer the matter to the Single Bargaining Centre for discussion. At this stage, discussions may include representatives of the Commissioner for Public Employment.
  - 12.2.7 If the matter remains unresolved in accordance with these procedures either party may refer the matter to the Commission for conciliation.

- 12.2.8 At any stage in the procedure after consultation between the parties has taken place either party may request, and be entitled to receive, a response to its representations within a reasonable time as may be agreed upon between the parties.
- 12.2.9 Without prejudice to either party, and except where a bona fide health and safety issue is involved, work should continue on a status quo basis while matters in dispute are being dealt with in accordance with these procedures. "On a status quo basis" shall mean the work situation in place at the time the matter was first raised in accordance with these provisions.
- 12.2.10 If there is undue delay on the part of any party in responding to the matter creating a grievance, dispute or likely dispute the party complaining of the delay may take the matter to another level of the procedure if the party believes it is desirable to do so.

- Occupational health, safety and welfare;
- Training advisory; and
- Research and development.

The SAMFS and the Union are committed to the outcomes of this review in relation to future staffing at Port Pirie and Whyalla. If there is no outcome within 12 months, the SAMFS and the Union will hold further discussions on this matter.
- 22.7.3 SAMFS, the Union and all Port Pirie staff provide an ongoing commitment to assist in the recruitment, induction and training of Retained Firefighters (SAMFS will provide adequate training and appropriate training modules).
- 22.7.4 Full time Firefighters at Port Pirie assessed as qualified to command the second pumper will be paid at the rate of Senior Firefighter when in command of the second pumper.
- 22.7.5 Senior Firefighters involved in the selection and training of Retained Firefighters will be paid an allowance of \$4.50 per hour when so involved (expected to be approximately 8 hours per week inclusive of preparation time). In the absence of a Senior Firefighter, a Firefighter so involved will be paid higher duties at the Senior Firefighter rate together with a training allowance. Two trainers will be used where the ratio of trainer to trainees exceeds 1:10.
- 22.7.6 Graduates from a recruit course will be posted to Port Pirie for a minimum period of two years, at which time they may elect to stay at Port Pirie or request transfer to the metropolitan area.
- 22.7.7 Graduates from a recruit course posted to Port Pirie for the two year period will receive removal expenses determined as either (i) the lowest of three quotes obtained by the individual for the removal of their household effects or (ii) the estimated cost of the removal of their household effects as if from Adelaide to Port Pirie provided by a recognised household furniture removalist, whichever is the lower.
- 22.7.8 Future general call recruitment campaigns will identify vacancies at Port Pirie, and specify that a number of recruits will be required to commence full time duties at Port Pirie, in accordance with the above arrangements.
- 22.7.9 Other vacancies that may occur between recruitment processes will be filled by transfer of staff from the metropolitan area in accordance with the Award.

## **22.8 Day Working Personnel**

- 22.8.1 Firefighters or Officers, who are appointed or seconded to day work, are required to work a roster of 168 hours per four-week cycle, in accordance with Clause 16.1.6 of the Award. This work may be conducted as:
  - a) a working week of 42 hours over 5 days with a programmed day off once per four week cycle; or
  - b) a 9-day fortnight where 10 rostered working days are worked in 9 days with the tenth day a programmed day off; or
  - c) a 4-day working week where 5 rostered working days are worked in 4 days with the fifth day a programmed day off.
- 22.8.2 Compressed Working Weeks and Band Widths are subject to arrangements with the Commander of the area.
- 22.8.3 These arrangements exclude personnel assigned to OTR and Mt Gambier.

## **22.9 Day Working Allowances**

- 22.9.1 All day working personnel (including District Officers and Commanders) will receive the allowances prescribed in subclause 15.5.2 of the Award.
- 22.9.2 The periods of day work will accumulate for the purpose of determining the appropriate level of allowance. For example, an employee who has been on day work for 2 years and 6 months (and paid an allowance of 4%) prior to returning to shift work, will be paid an allowance of 4.5% after performing a further period of day work for 6 months (an accumulated period of 3 years on day work).

## **22.10 Day Working District Officers and Commanders**

- 22.10.1 All day working District Officers (with the exception of Station Officers acting up) and Commanders will be placed on an on call roster and will be provided with a vehicle, which will include private use in accordance with SAMFS policy arrangements. The private use of a vehicle is provided in lieu of overtime payments and on call allowances.

## **22.11 Fire Cause Investigators (FCIs)**

- 22.11.1 In recognition of the unique and specialist nature of Fire Cause Investigation and having regard to the existing operational requirements of this work which will continue to be maintained for the life of the Agreement, the 3 Station Officer FCIs will remain Station Officers and be remunerated at the rate of District Officer Level 1 including superannuation whilst they continue in this role.
- 22.11.2 FCIs are provided with a government vehicle for the purposes of the performance of their duties and are permitted to use the vehicle for private purposes in accordance with SAMFS policy arrangements and on the basis that such use is in lieu of overtime payments and the payment of on call allowances.
- 22.11.3 The FCIs will not be eligible for overtime payments for work performed outside of normal hours. They are entitled to be provided with TOIL, which will be self managed within the existing group of 1 District Officer and 3 Station Officers without additional resources for this purpose. The prescribed on call allowance will not be paid to these officers. A relief FCI will only be provided for periods of extended long service leave and for periods of extended sick leave.
- 22.11.4 The manager of the Fire Cause Investigation Section will be remunerated at the rate of District Officer Level 2.
- 22.11.5 The SAMFS intends to review the function of the Fire Cause Investigation Section during the life of the Agreement, and will include its position on the management agenda at the next enterprise bargaining negotiations.

## **22.12 Community Safety Programs**

- 22.12.1 The parties acknowledge the importance of Community Safety Programs and the important role that is fulfilled by operational crews in undertaking fire safety and building inspections.
- 22.12.2 The parties agree that operational crews will be required to conduct such inspections at appropriate times during both day and night shifts, only on week days and concluding no later than 8pm.
- 22.12.3 This does not restrict the work of FCI or Command District Officers who undertake community safety inspections or programs.

22.12.4 SAMFS undertakes to provide appropriate training to all crews involved in inspections and to ensure that their personal safety, including exposure to cigarette smoke, is considered.

### **22.13 Deployment arrangements to assist intrastate and interstate emergency services**

22.13.1 Where an employee is required to provide assistance to other State, intra-state, interstate or overseas emergency authorities in major emergency situations, that employee will be entitled to payment for incidental expenses in accordance with and at the rates contained within Commissioners Standard No 3 Responsive and Safe Employment Conditions as varied from time to time.

### **22.14 Fire Safety**

22.14.1 The SAMFS will conduct a review of the day working fire safety career stream during the life of the Agreement.

### **22.15 Employee Support Coordinator**

22.15.1 The SAMFS will conduct a review of the role and functions of the Employee Support Coordinator position during the life of the Agreement.

### **22.16 Preference System for New Stations**

22.16.1 Refer to the New Metropolitan Station Staffing Guide at Appendix D.

### **22.17 Employment Security**

22.17.1 The parties agree that security of employment in the form of no forced redundancy will apply for employees bound by this Agreement from date of approval by the Commission for the life of the Agreement (until 31 December 2010) and in accordance with the provisions contained in *Commissioners Standard 2 - Quality Staffing* as varied from time to time.

## **23. PROMOTIONS PROCESS**

23.1 The Service Administrative Procedure – Promotions (SAP40) is agreed by the parties and may be varied from time to time by agreement between the parties.

## **24. APPOINTMENT AND SECONDMENT PROCEDURES**

24.1 It has been agreed that:

- (a) Appointment and secondment procedures for the District Officer rank will be equitable and transparent.
- (b) SAMFS will look to implement a ‘preference matrix’ whereby District Officers will signal an intention through preference for a particular position and SAMFS will endeavour to fill these open positions through the stated preference.
- (c) Expressions of interest must be called for all open positions in line with Clause 5.1 of Service Administrative Procedure – Appointment and Secondment Procedure (SAP6).
- (d) Should clauses (b) and (c) above be followed and exhausted, the SAMFS will second suitably qualified District Officers to positions.

## **25. STAFF DEVELOPMENT AND TRAINING**

## **25.1 Staff Development Framework**

- 25.1.1 The SAMFS will conduct an internal review of the current Staff Development Framework during the life of the Agreement that will address the merit of a trade qualification being gained through the Framework. In addition, any changes to the Staff Development Framework will be with the agreement of both parties.
- 25.1.2 A working party, comprised of representatives of the SAMFS and the UFU, has also been established which will also consider the requirements to be fulfilled by the SAMFS to maintain Registered Training Organisation (RTO) status.

## **25.2 Training Time**

- 25.2.1 The parties recognise that there are economies and efficiencies to be gained by having a more flexible approach to employees attending for training and other matters.
- 25.2.2 The parties recognise that the existing Award provisions do not provide sufficient flexibility in covering the range of activities undertaken by operational staff, particularly in the areas of training and self-improvement. Accordingly, the parties agree that the following attendance provisions will apply.
- 25.2.3 Where the SAMFS offers training either internally or externally, which an employee desires to attend for personal self development or for career progression reasons, such training will be undertaken in the employee's own time and at their personal expense. This training would include (but is not limited to) promotional training/advice, "test outs", AFAC modular training, university, and development programs.
- 25.2.4 These provisions do not apply where an employee is required by the SAMFS to attend and participate in an external course of two or more days (eg. Mount Macedon - Emergency Management Courses, Hobart - Senior Management Training Courses) in which case the employee's work/training course attendance time will be equalised over the relevant period in accordance with current arrangements.
- 25.2.5 "Shift equalisation" is the process applied when operational staff are allocated alternate duties in lieu of attending their normal scheduled duty shift/s or day work duties.
- 25.2.6 When shift equalisation applies:
  - (a) Day work allowance does not apply to shift workers as there has been no secondment and they will be classified as "out duty" (term used on the daily shift attendance statement to identify when an employee rostered for duty is, for example, on a course on the daily parade statement.
  - (b) Employees will not be entitled to TOIL or overtime for any part of a scheduled conference, course or training which is outside of normal hours. This means that when an employee is on a specialist course (not including SAMFS in-service courses) or conference and there are evening/night or weekend commitments as part of the curriculum, TOIL or overtime does not apply (e.g. for USAR 48 hour exercise, EMA courses, live in courses etc.).
- 25.2.7 Attendance for normal operational duties is specifically excluded from this provision.
- 25.2.8 "Normal operational duties" means duties that an operational employee would normally perform on a day-to-day basis in accordance with his/her Position

Information Document (duty statement) for example, additional operational duties, fire watch duty.

### **25.3 Required Attendance**

- 25.3.1 Where the SAMFS directs an employee (thus the employee has no option of refusal) to attend training related to operational needs or to meet statutory requirements, payment will be made pursuant to Clause 14.2.1 of the Award (i.e. overtime).

### **25.4 Voluntary Attendance**

- 25.4.1 Where the SAMFS invites an employee (thus the employee is able to refuse) to attend training, or to attend other non-compulsory meetings that are considered to be important to the functions to the SAMFS, the following arrangements will apply:
- a) In all cases, there will be no detriment to an employee if they decline to attend.
  - b) Where possible, training will be arranged to be for a minimum period of eight (8) hours (including travelling time).
  - c) For other activities, where the attendance at the activity is less than eight (8) hours (including travelling time), two (2) attendances will equate to eight (8) hours.
  - d) Employees who are on leave will be invited to relevant (i.e. Peer) voluntary training and will be paid time off in lieu or payment at single time as detailed in (e) below;
  - e) In all cases:
    - (i) The employee may choose to have the attendance(s) credited to an individual TOIL "bank". When that "bank" has accumulated to eight (8) hours the employee may apply for one day shift off in lieu (i.e. each eight (8) hours accumulated will equal one day shift off). The day shift off in lieu will be granted at a mutually convenient time but only if it is probable that the SAMFS will incur no additional cost (eg. recall); or
    - (ii) The employee may choose to have the time paid to him/her, in which case payment will be made at the single time rate.
- 25.4.2 The nature of attendances included in this part of the provision would include (but is not limited to) OHS&W Committee meetings, Research and Development Committee meetings, Training Advisory Committee meetings, meetings of Consultative Committees established by the Chief Officer in accordance with Clause 11.3.6 of this Agreement, Subcommittee meetings formed by any of the previous mentioned Committees in this clause, OHS&W Training, Critical Incident Stress Management/Peer training, Certificate IV Workplace Trainer and Assessors Course, WorkCover Audit, WorkCover Auditors training, Harassment Contact Officer training and other voluntary training approved by the Chief Officer.

### **25.5 Provisions That Apply To Both Required and Voluntary Attendance**

- 25.5.1 The duration of attendance at any training/meeting will be calculated from the time that the employee leaves his/her home (to travel by the most direct route to the location that they attend) to the time that the employee returns to their home (by the most direct route).
- 25.5.2 For the duration of this time the employee will be regarded as on duty for the purposes of the relevant State legislation dealing with Workers Compensation and Occupational Health, Safety and Welfare.

- 25.5.3 Where an employee attends two (2) training/meeting sessions within an eight (8) hour period at the same location, the employee may only be able to make one (1) claim for travelling reimbursement.
- 25.5.4 Travelling time within the Adelaide Metropolitan area will be calculated on the basis of 15 minutes for each 8km travelled.
- 25.5.5 Travelling time to Adelaide from outside the Adelaide Metropolitan area will be calculated on the basis of 15 minutes for each 20km travelled.
- 25.5.6 Reasonable travelling expenses will be reimbursed in accordance with the motor mileage reimbursement rates prescribed by Commissioner's Standard No 3 (previously Public Sector Management Act Determination No.15 – Motor Vehicle Allowance) as varied from time to time - for the distance travelled from the employee's residence to the place that the employee attends and return by the most direct route (except for personnel resident in Port Pirie in which case the mileage paid will be 448km for the round trip to Adelaide).

## **25.6 Training Delivery**

- 25.6.1 Training over seven days, apart from skills maintenance training, will be nationally accredited and delivered by nationally accredited trainers and assessed by nationally accredited assessors (Certificate IV Workplace Trainer).

## **26. TRADE UNION TRAINING LEAVE**

- 26.1 An employee (who is a member of the Union) shall be allowed leave with pay to attend a recognised Trade Union Training Course subject to the following conditions:
  - 26.1.1 The employee provides at least four (4) weeks notice to the SAMFS about the date of commencement of a training course;
  - 26.1.2 The SAMFS is able to make adequate staffing arrangements during the period of such leave;
  - 26.1.3 That at any one time no more than three (3) employees shall be on leave pursuant to this clause;
  - 26.1.4 That no more than five (5) employees shall be granted leave pursuant to this clause in any one year;
  - 26.1.5 That no more than forty (40) days leave pursuant to this clause shall be granted to all employees in any one year [Leave taken pursuant to this clause shall be counted as continuous service for all purposes of the schedule and for purposes of Long Service Leave entitlements]; and
  - 26.1.6 That an employee shall have completed a period of twelve (12) months service with the SAMFS before proceeding on leave pursuant to this clause.

## **27. MOBILE PHONES**

- 27.1 SAMFS will continue to attach a mobile phone to all general purpose pumpers as a health and safety measure.

## **28. SALARY PACKAGING ARRANGEMENTS**

- 28.1 This clause applies for the period an employee enters into a Salary Sacrifice Agreement. A Salary Sacrifice Agreement (SSA) is the formal administrative instrument between the

employer and the employee which enables salary packaging arrangements to be put in place.

- 28.1.1 Subject to this clause, the salary or wages payable to an employee, or applicable to a position where the occupant elects to enter into a SSA, pursuant to this Agreement will be the salary or wages payable under the SSA, notwithstanding any other provision in, or Appendix of, this Agreement.
- 28.1.2 Any entitlement to payment of overtime, leave loading or shift allowance will be based on the salary or wages that would have been payable had the employee not entered into a SSA.
- 28.1.3 Where, on cessation of employment, the employer makes a payment in lieu of notice; or a payment in respect of accrued recreation or long service leave entitlements, the payment thereof shall be based on the salary or wages that would have been payable had the employee not entered into a SSA.

## **PART C – RETAINED FIREFIGHTERS**

### **29. REMUNERATION RATES**

## APPENDIX D NEW METROPOLITAN STATION STAFFING GUIDE

### **NEW METROPOLITAN STATION STAFFING GUIDE**

**Application :** The guide applies to full time MFS Staff, on all shifts, who are required to fill permanent operational vacancies at additional Metropolitan Fire Stations.

---

#### 1. **GUIDE STATEMENT**

This guide has been developed for staffing of new Metropolitan Fire Station, based on the following criteria:

- (a) There are no preferences for the station in question.
- (b) Staffing has been approved and funded.
- (c) The Station is full time.
- (d) Existing preferences of the staff member are not affected unless the drawn position is accepted by the staff member concerned.

#### 2. **PROCESS / METHODOLOGY**

- 2.1 If required, the existing nominated reliever at the 'paired station', should the 'paired station' be his/her home station, will be given the opportunity to continue in the nominated reliever position for the new station pairing.
- 2.2 A registration of interest to be called for all Firefighter, Senior Firefighter, Station Officer and reliever positions at the new station. This will be open for a period of eight weeks.
- 2.3 Registrations of interest are to be lodged on the prescribed form and must be accompanied by a Station Preference form (SP19) nominating the new station as the 1<sup>st</sup> preference
- 2.4 Any request to withdraw a Registration of Interest must be submitted in writing (hand delivered, faxed or emailed) to the Human Resource Consultant before the advertised time of the draw.
- 2.5 After the agreed period, all the names will be entered in a marble draw.
- 2.6 The draw will be conducted on a shift-by-shift basis. Where possible, specific shift vacancies will be filled with registered staff from that shift (in the order they are drawn). If certain shifts have vacancies for permanent positions after initial draw, then all remaining names are combined and those drawn are to be offered the option of changing shifts.

- 2.7 Once all permanent and reliever spots are filled, the names are once again separated into shifts and the remainder of names are drawn to form a preference list on each shift for that station.
- 2.8 Those names drawn to form the preference list will then be requested to immediately accept or decline the position. If they accept their preference is adjusted accordingly. If they decline their existing preferences remain.
- 2.9 Leave groups will be allocated in line with the new station leave group assignment, however, where practicable, existing leave arrangements will be honoured.
- 2.10 All persons entering the draw must accept the position if their name is chosen for a permanent or reliever position. Only those filling the preference list will have a choice whether to accept or not.
