- The SAMFS strategic plan;
- Performance improvement;
- Increased productivity;
- Fair and flexible working arrangements; and
- Continuous improvement.
- Staff Wellbeing

9.2 The parties to the Agreement acknowledge that issues of Government policy and service levels fall outside the parameters of the Agreement.

10. CONSULTATION PRINCIPLES

The parties commit to the following principles in respect of consultation:

- 10.1 Consultation involves the sharing of information and the exchange of views between the SAMFS and the Union and provides genuine opportunity for the Union to contribute effectively to any decision making process.
- 10.2 The SAMFS will consult in good faith, not simply advise what will be done.
- 10.3 It is an accepted principle that effective workplace relationships can only be achieved if appropriate consultation between the parties occurs on a regular basis.
- 10.4 Workplace change, which will affect a significant number of employees, should not be implemented before appropriate consultation has occurred with the Union.
- 10.5 The Union will be given the opportunity to adequately consult with its members in relation to proposed changes that may affect employees' working conditions or the services employees provide.

11. CONTINUOUS IMPROVEMENT

11.1 Commitment

- Review of unplanned leave/absences in order to introduce an absentee management procedure within 12 months; and

11.2 Continuous Improvement

11.2.1 A culture of continuous improvement aims to:

- Enhance the SAMFS' ability to utilise its employees as effectively and efficiently as possible.

11.3 Consultative Committees and Role

From the commencement of the Agreement, it is agreed that specific consultative committees will be introduced to achieve a collaborative approach to achieving and implementing change within the SAMFS.
- 11.3.2 The role of a consultative committee will be to discuss and develop recommendations and solutions to issues for consideration by the Chief Officer.
- 11.3.3 The parties acknowledge that issues relating to statutory responsibilities, Government policy, service levels and resource levels fall outside the parameters of a consultative committee and this Agreement but that the Chief Officer undertakes wherever possible to keep employees informed of these issues.
- 11.3.4 Consultative committees will be established for the following areas:
- Work, Health Safety;

The employee representatives will be entitled to make representations on behalf of employees and the employer representatives will be responsible for dealing with matters raised.
- 13.2.2 The accredited representatives shall make themselves available for consultation.
- 13.2.3 The employee or employee representative should discuss any matter affecting an employee with the supervisor in charge of the section or sections in which the grievance, dispute or likely dispute exists. Consultation must occur within 24 hours or as agreed between the parties.

- 13.2.9 Without prejudice to either party, and except where a bona fide health and safety issue is involved, work should continue on a status quo basis while matters in dispute are being dealt with in accordance with these procedures. "On a status quo basis" shall mean the work situation in place at the time the matter was first raised in accordance with these provisions.
- 13.2.10 If there is undue delay on the part of any party in responding to the matter creating a grievance, dispute or likely dispute the party complaining of the delay may take the matter to another level of the procedure if the party believes it is desirable to do so.
- 13.2.11 These procedures will not restrict the employer or employee representatives making representations to each other.

The SAMFS Executive will determine the timing for recruitment in consultation with the Union.

- 24.11.2 The parties agree that operational crews will be required to conduct such inspections at appropriate times during both day and night shifts, only on week days and concluding no later than 8pm.
- 24.11.3 This does not restrict the work of FCI or Commanders that undertake community safety inspections or programs.

26. APPOINTMENT AND SECONDMENT PROCEDURES

- 26.1 The parties acknowledge that the current practice in relation to appointment and secondment procedures is as follows:

- (a) Appointment and secondment procedures for the Commander rank will be equitable and transparent.
- (b) SAMFS will utilise a 'preference matrix' whereby Commanders will signal an intention through preference for a particular position and SAMFS will endeavour to fill these open positions through the stated preference.
- (c) Expressions of interest must be called for all open positions in line with Clause 5.1 of Service Administrative Procedure – Appointment and Secondment Procedure (SAP6).
- (a) Should clauses (b) and (c) above be followed and exhausted, the SAMFS will second suitably qualified Commanders to positions.

27. STAFF DEVELOPMENT AND TRAINING

27.1 Staff Development Framework (SDF)

- 27.1.1 The SAMFS will conduct an internal review of the current Staff Development Framework during the life of the Agreement. that will address the merit of a trade qualification being gained through the Framework. In addition, any changes to the Staff Development Framework will be with the agreement of both parties.

- 27.1.2 A working party, comprised of representatives of the SAMFS and the UFU, has also been established which will also consider the requirements to be fulfilled by the SAMFS to maintain Registered Training Organisation (RTO) status.

27.2 Training Time

- 27.2.1 The parties recognise that there are economies and efficiencies to be gained by having a more flexible approach to employees attending for training and other matters.
- 27.2.2 The parties recognise that the existing Award provisions do not provide sufficient flexibility in covering the range of activities undertaken by operational staff, particularly in the areas of training and self-improvement. Accordingly, the parties agree that the following attendance provisions will apply.
- 27.2.3 Where the SAMFS offers training either internally or externally, which an employee applies to attend for career progression, such training will be undertaken in the employer's time. The following conditions apply:
- a. Where the SAMFS is unable to facilitate the training during the employer's time, the employee will be entitled to a shift off in lieu.
 - b. A period of between four (4) and 10 hours will be equate to a shift.
 - c. For other activities, where the attendance at the activity is less than four (4) hours, two (2) attendances will equate to a shift.
 - d. The day off in lieu will be granted at a mutually convenient time and have the same status as public holiday leave.
- 27.2.4 These provisions do not apply where an employee is required by the SAMFS to attend and participate in an external course of two or more days in which case the employee's work/training course attendance time will be equalised over the relevant period in accordance with current arrangements.
- 27.2.5 "Shift equalisation" is the process applied when operational staff are allocated alternate duties in lieu of attending their normal scheduled duty shift/s or day work duties.
- 27.2.6 When shift equalisation applies:
- (a) Day work allowance does not apply to shift workers as there has been no secondment and they will be classified as "out duty" (term used on the daily shift attendance statement to identify when an employee rostered for duty is, for example, on a course on the daily parade statement).
 - (b) Employees will not be entitled to TOIL or overtime for any part of a scheduled conference, course or training which is outside of normal hours. This means that when an employee is on a specialist course (not including SAMFS in-service courses) or conference and there are evening/night or weekend commitments as part of the curriculum, TOIL or overtime does not apply (e.g. for USAR 48 hour exercise, EMA courses, live in courses etc.).
- 27.2.7 Attendance for normal operational duties is specifically excluded from this provision.
- 27.2.8 "Normal operational duties" means duties that an operational employee would normally perform on a day-to-day basis in accordance with his/her Position Information Document (duty statement) for example, additional operational duties, fire watch duty.

27.3 Required Attendance

- 27.3.1 Where the SAMFS directs an employee (thus the employee has no option of refusal) to attend training related to operational needs or to meet statutory requirements payment will be made pursuant to Clause 19.3 of this Agreement.

27.4 Voluntary Attendance

- 27.4.1 Where the SAMFS invites an employee (thus the employee is able to refuse) to attend training, or to attend other non-compulsory meetings that are considered to be important to the functions to the SAMFS, the following arrangements will apply:
- a) In all cases, there will be no detriment to an employee if they decline to attend.
 - b) Where possible, training will be arranged to be for a minimum period of eight (8) hours (including travelling time).
 - c) For other activities, where the attendance at the activity is less than four (4) hours (including travelling time), two (2) attendances will equate to eight (8) hours.
 - d) Employees who are on leave will be invited to relevant (i.e. Peer) voluntary training and will be paid time off in lieu or payment as detailed in (e) below;
 - e) In all cases:
 - (i) The employee may choose to have the attendance(s) credited to an individual TOIL “bank”. When that “bank” has accumulated to eight (8) hours the employee may apply for one day shift off in lieu (i.e. each eight (8) hours accumulated will equal one day shift off). The day shift off in lieu will be granted at a mutually convenient time but only if it is probable that the SAMFS will incur no additional cost (e.g. recall); or
 - (ii) The employee may choose to have the time paid to him/her, in which case payment will be made at the applicable rate specified at Appendix A of this Agreement.
- 27.4.2 The nature of attendances included in this part of the provision would include (but is not limited to) WHS Committee meetings, Vehicle and Equipment Committee meetings, Training Advisory Committee meetings, meetings of Consultative Committees established by the Chief Officer in accordance with Clause 11.3.6 of this Agreement, Subcommittee meetings formed by any of the previous mentioned Committees in this clause, WHS Training, Critical Incident Stress Management/Peer training, Certificate IV Workplace Trainer and Assessors Course, WorkCover Audit, WorkCover Auditors training, Harassment Contact Officer training and other voluntary training approved by the Chief Officer.

- 27.5.1 The duration of attendance at any training/meeting will be calculated from the time that the employee leaves his/her home (to travel by the most direct route to the location that they attend) to the time that the employee returns to their home (by the most direct route).
- 27.5.2 For the duration of this time the employee will be regarded as on duty for the purposes of the relevant State legislation dealing with Workers Compensation and Work Health & Safety.

- 27.5.3 Where an employee attends two (2) training/meeting sessions within an eight (8) hour period at the same location, the employee may only be able to make one (1) claim for travelling reimbursement.
- 27.5.4 Travelling time within the Adelaide Metropolitan area will be calculated on the basis of 15 minutes for each 8km travelled.
- 27.5.5 Travelling time to Adelaide from outside the Adelaide Metropolitan area will be calculated on the basis of 15 minutes for each 20km travelled.
- 27.5.6 Reasonable travelling expenses will be reimbursed in accordance with the motor mileage reimbursement rates prescribed by Commissioner's Determination 3.2 (or its successor) as varied from time to time - for the distance travelled from the employee's residence to the place that the employee attends and return by the most direct route (except for personnel resident in Port Pirie in which case the mileage paid will be 448km for the round trip to Adelaide).

APPENDIX D NEW METROPOLITAN STATION STAFFING GUIDE

NEW METROPOLITAN STATION STAFFING GUIDE

Application: The guide applies to full time MFS Staff, on all shifts, who are required to fill permanent operational vacancies at additional Metropolitan Fire Stations.

1. **GUIDE STATEMENT**

This guide has been developed for staffing of new Metropolitan Fire Station, based on the following criteria:

- (a) There are no preferences for the station in question.
- (b) Staffing has been approved and funded.
- (c) The Station is full time.
- (d) Existing preferences of the staff member are not affected unless the drawn position is accepted by the staff member concerned.

2. **PROCESS / METHODOLOGY**

- 2.1 If required, the existing nominated reliever at the 'paired station', should the 'paired station' be his/her home station, will be given the opportunity to continue in the nominated reliever position for the new station pairing.
- 2.2A registration of interest to be called for all Firefighter, Senior Firefighter, Station Officer and reliever positions at the new station. This will be open for a period of six weeks.
- 2.3 Registrations of interest are to be lodged on the prescribed form and must be accompanied by a Station Preference form (SP19) nominating the new station as the 1st preference
- 2.4 Any request to withdraw a Registration of Interest must be submitted in writing (hand delivered, faxed or emailed) to the Human Resource Consultant before the advertised time of the draw.
- 2.5 After the agreed period, all the names will be entered in a marble draw.
- 2.6 The draw will be conducted on a shift-by-shift basis. Where possible, specific shift vacancies will be filled with registered staff from that shift (in the order they are drawn). If certain shifts have vacancies for permanent positions after initial draw, then all remaining names are combined and those drawn are to be offered the option of changing shifts.

- 2.7 Once all permanent and reliever spots are filled, the names are once again separated into shifts and the remainder of names are drawn to form a preference list on each shift for that station.
- 2.8 Those names drawn to form the preference list will then be requested to immediately accept or decline the position. If they accept their preference is adjusted accordingly. If they decline their existing preferences remain.
- 2.9 Leave groups will be allocated in line with the new station leave group assignment, however, where practicable, existing leave arrangements will be honoured.
- 2.10 All persons entering the draw must accept the position if their name is chosen for a permanent or reliever position. Only those filling the preference list will have a choice whether to accept or not.

APPENDIX F – MEMORANDUM OF UNDERSTANDING

This attachment is included for information only. The MOU set out below and dated..... 2016 records an understanding reached between the parties in respect of the feasibility study undertaken pursuant to clause 21.1 of this agreement.

MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN

DEPARTMENT OF PREMIER AND CABINET and SOUTH AUSTRALIAN METROPOLITAN FIRE SERVICE (SAMFS) and UNITED FIREFIGHTERS UNION OF SOUTH AUSTRALIA INC (UFU)

REFERENCES: (a) Firefighting Industry Employees (South Australian Metropolitan Fire Service) Award 2007 (the Award)
(b) South Australian Metropolitan Fire Service Enterprise Agreement 2014 (the Agreement)

1 PURPOSE

The purpose of the MOU is to record:

- 1.1 the agreement reached between the parties in respect of the review of the Composite Wage Structure, as detailed in clause 21.1 of the Agreement;
- 1.2 the process by which the Total Wage is structured both within the Award and the Agreement;
- 1.3 the historical calculation of penalty rates of 31.83% as set out in Award clause 13.3.5;
- 1.4 the process by which overtime entitlements in the Agreement have been calculated;
- 1.5 the calculation of travel entitlements as set out in Appendix A (1) of the Agreement.

2 TOTAL WAGE

- 2.1 The Total Wage has the meaning ascribed to it at Award clause 3.15, viz;
 - 2.1(a) a combination of the 38 hour base rate specified in Award clauses 13.2 and 13.3 together with the allowance detailed at Award clause 13.3.5, plus 2 hours compulsory overtime as set out in Award clause 16.1.2(b)
- 2.2 The effect of Award clause 3.15 is as follows:
 - 2.2(a) 38 hour base rate PLUS 31.83% of the 38 hour base rate (Award clause 13.3.5) PLUS 7.5% ⁽¹⁾ of the 38 hour base rate (Award clause 16.1.2(b))
- 2.3 The definition of the Total Wage at clause 6 of the Agreement has the same meaning as Award clause 3.15, as detailed above.

- 2.4 In future the rates displayed at Appendix A of the Agreement will be adjusted in line with any agreed increases, with no further reference to the 38 hour base rate as was the case with pre-existing Appendix A of the Agreement.
- 2.5 The MOU notes that the pay rates set out in the Award clauses 13.2, 13.3, 13.4 and 13.5 reflect the application of the South Australian Wage Fixing Principles.

3 PENALTY RATES

- 3.1 The penalty rates of 31.83% set out in Award clause 13.3.5 have been historically calculated as follows:

- The SAMFS makes 26 equal payments of wages per year based on the rates set out in the Agreement, total days per year is then 364.

- Therefore – Total ordinary hours per year = 364

$$\begin{array}{r} \times 24 \\ \hline 8736 \end{array}$$
- Application of penalties

11 public holidays (11 x 24 x 2.5)	=	660 hours
52 Sundays (52 x 24 x 2)	=	2496
51 Saturdays (51 x 24 x 1.5)	=	1836
250 night shifts (250 x 14 + 15%)	=	4025
250 day shifts (250 x 10)	=	<u>2500</u>
Total hours including penalties		11517
Subtract total ordinary hours		<u>- 8736</u>
Total penalty hours		<u>2781</u>

- Percentage increase in hours of pay =

$$\frac{2781}{8736} \times \frac{100}{1} = 31.83\% \text{ penalties}$$

- (1) 2 hours compulsory overtime = 2 x time and a half = 3
 3/40 as a percentage = 7.5%

4 TRANSITION OF OVERTIME RATES

- 4.1 This MOU notes the differentiation between the overtime rates set out respectively in the Award and the Agreement, which arises as a result of the utilisation of a different formula in the calculation of overtime rates in the Agreement.
- 4.2 The calculations utilised in setting the new overtime rates in the Agreement are detailed in the examples below. The divisor of 40, used in these calculations, is consistent with the provisions set out in Award clause 16.1.2(b). For the purpose of these examples the classification of a First Class Firefighter Level 3, with wages current as at 1 July 2016, has been applied.

4.3 The current overtime entitlements set out in Award clause 14.2 are as follows:

- 1st hour of overtime – time and a half the 38 hour base rate
- 2nd hour of overtime and thereafter – double the 38 hour base rate
- Overtime worked on a Sunday – double the 38 hour base rate
- Overtime worked on a public holiday – double time and a half the 38 hour base rate

4.4 To take into account the Total Wage concept the First Class Firefighter Level 3 classification is broken down as follows:

<u>38 hour Base Rate</u>		<u>31.83% Penalties</u>		<u>2 hours Overtime</u>		<u>Total</u>
\$1181.49	+	\$376.07	+	\$88.61	=	\$1646.17

4.5 The pre-existing calculation for overtime entitlements, pursuant to Award clause 14.2 utilising the figures set out in clause 4.4 hereof were as follows:

- $\$1181.49 \div 38 = \31.09 hourly rate
- $\$31.09 \times 1.5 = \46.64 per hour
- $\$31.09 \times 2 = \62.18 per hour
- $\$31.09 \times 2.5 = \77.73 per hour

4.6 The calculation to establish a Normal hourly rate (see definition Agreement clause 6), utilising the figures in 4.4 hereof, is as follows:

- Total Wage = \$1646.17
- Normal hourly rate = $\$1646.17 \div 40 = \41.15

4.7 To calculate a new overtime multiplier to replace the pre-existing rate of 1.5 in the Agreement, the following formula is utilised:

- Current overtime rate (1.5) \div Normal hourly rate
- $\$46.64 \div \$41.15 = 1.133$
- New overtime multiplier = 1.133

To test the accuracy of the new overtime rate against the Award provision, the following formula is utilised:

- Normal hourly rate x New overtime multiplier
- $\$41.15 \times 1.133 = \46.64

4.8 To calculate a new overtime multiplier to replace the pre-existing rate of 2 in the Agreement, the following formula is utilised:

- Current overtime rate (2) \div Normal hourly rate
- $\$62.18 \div \$41.15 = 1.511$
- New overtime multiplier = 1.511

To test the accuracy of the new overtime rate against the Award provision, the following formula is utilised:

- Normal hourly rate x New overtime multiplier
- $\$41.15 \times 1.511 = \62.18

- 4.9 To calculate a new overtime multiplier to replace the pre-existing overtime rate of 2.5, the following formula is utilised:

- Current overtime rate (2.5) ÷ Normal hourly rate
- $\$77.73 \div \$41.15 = 1.889$
- New overtime multiplier = 1.889

To test the accuracy of the new overtime rate against the Award provision, the following formula is utilised:

- Normal hourly rate x New overtime multiplier
- $\$41.15 \times 1.889 = \77.73

NB The figures used in the examples above may vary slightly from the figures in the proposed Agreement. This is due to rounding.

- 4.10 It is noted in each of the examples above the new overtime rate displayed in the Agreement yields an identical result to the existing Award overtime provisions, therefore satisfying the cost neutral objective required by clause 21.1 of the Agreement.
- 4.11 The principles with respect to the administration of overtime in Award clauses 14.1 and 14.2 shall continue to apply.
- 4.12 The Agreement now displays the following overtime rates in lieu of the pre-existing rates:
- Agreement clause 19.3(a) - the first hour of overtime at the rate of 1.13324 times the employees normal hourly rate of pay, in lieu of the Award rate of 1.5 times the 38 hour base rate.
 - Agreement clause 19.3(b) - the second and subsequent hours of overtime at the rate of 1.51099 the employees normal hourly rate of pay, in lieu of the Award rate of 2 times the 38 hour base rate.
 - Agreement clause 19.3(c) - all overtime worked on a Sunday at the rate of 1.51099 times the employees normal hourly rate of pay, in lieu of the Award rate of 2 times the 38 hour base rate.
 - Agreement clause 19.3(d) - all overtime worked on a public holiday at the rate of 1.88874 times the employees normal hourly rate of pay, in lieu of the Award rate of 2.5 times the 38 hour base rate.

5 HOURLY TRAVEL RATES

5.1.1 The development of the hourly travel rates is based on the provisions set out in Award clause 15.5.3.

5.1.2 Again utilising the example of a First Class Firefighter Level 3, with rates current as at 1 July 2016 as detailed in the pre-existing Appendix A of the Agreement (which utilised the 38 hour base rate), the hourly travel rate is calculated as follows:

- 38 hour base rate ÷ 38
- \$1181.49 ÷ 38 = \$31.09

5.2 In future the hourly travel rate as displayed at Appendix A (1) of the Agreement will be adjusted in line with increases to the Total Wage.

6 CONCLUSION

6.1 The parties to this MOU acknowledge that the cost neutral objective set out in clause 21.1 of the Agreement has been met and now agree that the details set out above will, inter alia, form the basis of an application to be made to the Industrial Relations Commission of South Australia to vary the Award and the Agreement.

6.2 It is agreed also that this MOU will form part of the Award and the Agreement as representing the historical basis upon which variations have been made to the industrial instruments.
